ble-The only song those folks can sing

Is "Ain't It Awful, Mabel!"

"Well, girls, this weather gets our goats."

The flapper now avers-

"It's still too warm for winter coats, Too cool for summer furs." The election of Wilson, in 1916,

proves the truth of the contention of the Williamstown sages - that the farmers can run the country whenever the West and South join hands, and considering that now the community of interest embraces intolerance and prohibition, as well as Couple, on Porch, agriculture, they probably would, if the Abolitionist who settled Kansas still didn't have it in for the "slave-

The sensational drop of 30 cents per 1,000,000 gallons of water pumped in the District last year nehow or other looks like another victory for the drys.

And then, on the other hand, Capt. Courtney's "Whale" may have a Jomah in its belly.

When President Coolidge goes fishing in Yellowstone Lake he can enjoy the novel experience of catching a big trout and having it nicely cooked by the time he reels it in, but won't get any good fish - the boiling hot springs which bubble up from the bottom of the lake in many places - through which the fish may be drawn and thus brought to net boiled-take a good deal of pep out of an average trout.

The Geneva naval fiasco is followed by a secret understanding between the former proprietors of the of which was not disclosed to us when we entered the World War to sacrifice our blood and money for friends who held a pistol at the back of our head, and which we thought The full extent of the way Uncle Sam has been gypped will convince the American people some day that they need the kind of a navy they

The pilot of the prize-winning Aloha receives \$25 as his share of the \$10,000, and yet some people claim that nowadays a little money doesn't go a long way.

Premier Baldwin is back home with the report that Canada needs more men, but this probably won't mployment and overcrowding in nture of their sires and would rather accept a government dole than go forth like the Pilgrims and conquer a new independence for themselves and their poeterity.

TAX PROGRAM LEADS PLANS OF COOLIDGE IN COMING MESSAGE

Proposals to Congress Outlined on Trip in Yellowstone Park.

FARMER AND FLOOD AID ALSO INCLUDED

Broader Powers Wanted for Rail Mergers; To Urge Adequate Navy.

By CARLISLE BARGERON

(Staff Correspondent of The Post) Yellowstone National Park, Aug. 24 President Coolidge has virtually decided upon the recommendations he will make to Congress and tax reduction believed that he will recommend any definite sum the tax payers burden should be reduced, but quite likely will leave this to Secretary Mellon.

He will, it is understood, recommend an adequate Navy and his fight with the Big Navy men will turn on just what constitutes an "adequate" Navy. He is carrying estimates in his annual budget for eight new cruisers. Indications point to an inclination for the authorizations of additional cruisers but it is not believed he will deal with this matter in detail in his mes

Some kind of farm relief will be recommended. Undoubtedly it will not contain the McNary Haugen equalization fee. The President came West to rid himself of any prejudices he may have had at the last session and see the problem in the farmers' light but the Jardine proposal recently published in a farm publication is believed to be the limit to which he will go. proposal is designed to encourage co-Federal farm board will be created to marketing corporations which would in emergencies, take over the surplus crops from the cooperative

marketing associations. Plan of Secretary Jardine

As outlined in the farm publication ecretary Jardine's plan contemplates that the farmers or their associations finance the matter, but a bill brought to light out here and purporting to be the Agricultural Secretary's bill would have Congress grant a revolving fund would set up the marketing corporation to deal with the cooperative marketing associations.

Whether this is a concession by the resident to the McNary-Haugen men a bogus bill is not known here. But it is known that the President is just as definitely set against the qualization feature as he ever was CONTINUED ON PAGE & COLUMN 4

Slain by Husband

Marianna, Ark., Aug. 24 (A.P.).-E. D. West and Mrs. Vennie Yarbrough were marriage of Cullin Landis, film actor shot to death with a double-barreled shotgun this afternoon on Mrs. Yarbrough's front porch and the woman's husband, William Yarbrough, surrendered to F. A. Cray, deputy sheriff, with the statement that "I killed them," the Mignon Leburn Landis was made final

STRAPPED TO KENNEL. SMALL BOY RESCUED

Mother Blames Plight on Relatives, Who Would Not Harbor 4-Year-Old.

Greensburg, Pa., Aug. 24 (A.P.).— Strapped to a stake to prevent him from wandering away, 4-year-old Charles Garland was housed in a dog kennel for two weeks, it was revealed today with the filing of a complaint, was being shown. charging cruelty against Jacob Stein-

Roy Hallam, humane agent, found Steinman home yesterday. A dog was Murphys." the child's only company. Mrs. Tillie Lovell, the child's mother, was in the terminan house. She said her hus-and had deserted her six months ago baid had deserted her six months ago and she returned to the Steinmans, to whom she is related. They gave shelter to her and her 3-year-old son, Henry Lovell, but refused, she said, to have shighing to do with the Garland child, her son by a former marriage. The Steinmans forced her, she said, to keep the elder boy strapped to the post and would not permit her to bring him into the house. The boy had no him into the house. The boy had no attention aside from water and food she was able to carry to him surrepti-tiously, Mrs. Lovell said.

\$13,393 Customs Fine Is Paid on Jewelry

New York, Aug. 24 (A.P.).-J. C. New York, Aug. 24 (A.P.)—J. C. Ames, said to be a Chicago bond broker, paid a fine of \$13,393.60 today imposed by Collector of Port Eiting, for the release of jewelry found in Mr. and Mrs. Ames' baggage when they arrived from Europe on the liner France. The jewels were not listed in their syorn declaration, customs inspectors said. The fine included domestic value of \$6,006.80.

BOY CARRIED ALOFT IN BALLOON'S ROPES

Lad Dangles by Feet Until Bag Lands in Tree: Suffers a Few Bruises.

Frankfort, Ind., Aug. 24 (A.P.).— cangling by his feet in the ropes of a selloon in midair, Hugh Durbin, aged 13. son of Mr. and Mrs. Floyd Durbin of this city, miraculously escaped death late today when the pilot, Charles Huggins, of Indianapolis, cut loose with his parachute at 300 feet and the empty balloon with the boy clinging tenaciously to the ropes, dropped into a tree. The boy suffered only a few cuts and buttless.

VON ELM IS BEATEN IN LINKS TOURNEY:

Amateur Golf Champion Bows to Legg, a Veteran, on 18th Hole.

MACKENZIE WINNER

CAPITAL YOUTH WINS EXTRA-HOLE MATCHES

Jones, Ouimet, Held, Evans, Johnston and Finlay Also Survive Play.

By HENRY LITCHFIELD WEST. Minneapolis, Minn., Aug. 24.-On with tears when Casey struck out. Tonight Los Angeles must be under blanket of grief. The idol of the Pacific Coast has fallen from his high pedestal George Von Elm, the present United States amateur golf champion, went down to defeat this afternoon on the Minnekahda course in the second ment, crushed under the better golf played by Harry G. Legg, of Minneapolis,

It was nineteen years ago that Legg ualified in his first national amateur event, and since then he has won the Minnesota amateur ten times, the Western amateur once and the transssippi five times. It is not often that a veteran can stage a comeback, but Legg did it this afternoon, and although his victory was only by the narrow margin of 1-up, it was enough another lad, one Roland Mackenzie, or Vashington. Then will come a battle of age and experience against youth.

McCarthy Obstacle for Jones.

11 KILLED, MANY HURT LIMIT ON OIL WELLS IN A HOLIDAY WRECK

Rails and Coaches Are Demolished.

London, Aug. 24 (A.P.).-Eleven pe sengers on a packed holiday Southern Railway train perished this evening when the engine and all the coaches jumped the tracks twenty miles southeast of London. Twenty others were seriously injured, and many less severely There is no official explanation of the disaster, but it is believed that the heavy rains of recent weeks softened the rail bed, causing the rails to spread. The accident occurred between Dunton Green and Seven Oaks, Kent, half an hour after the train had

left London, proceeding to Deal.

While traveling at high speed, the train began to rock, then left the rails The engine buried its nose in a wayside bank and three coaches were badly wrecked.

Three bodies identified late tonight were those of Englishmen.

100 Are Marooned

Sarnia, Ontario, Aug. 24 (AP.). One hundred passengers were still marooned today on the Northern Navigation Co.'s steamer Huronic, which went aground in Mud Lake at which went aground in Mud Lake at the head of Lake Huron yesterday. It was reported that they were in no danger.

The Huronic went aground on a mud bank as the crew was engaged in life boat drill while the steamer was proceeding here from Port Arthur.

Peruvian Flier Plans

Lima-New York Hop (Associated Press.)
A flight from Lime, Peru, to A flight from Lims, Peru, to New York and return will be attempted by Harold Gomez-Cornejo, Peruvian avi-ator, late in September or early in Octo-ber, Porter Adams, president of the Na-tional Aeronautics Association, un-nounced yesterday he had been in-formed.

SECRET NAVAL PACT RUMORED BETWEEN BRITAIN AND JAPAN

Understanding Reached on Future Policy, Report Here Declares.

BOTH HOLD FAILURE AT GENEVA SERIOUS

Abrogated Alliance May Be Used as Club on U. S. at 1931 Parley.

By ALBERT W. FOX. Word has reached, State Department officials here from trustworthy sources hat Great Britain and Japan came to mutually satisfactory secret undertanding respecting future naval supremacy when it at last became apparaccept the British program at the recent Geneva conference to limit naval

armaments. The gist of the secret understanding is not divulged and it is doubtful if much definite information on that score is available to anyone connected with the United States Government. It is virtually certain that British, Japanese and American officials will even an inkling of a secret understanding has reached their ears. But the fact remains that information respecting the secret understanding has reached officials here and is being discussed behind closed doors with a view

to weighing possible consequences. Apparently, the advance discussions tatives have had reference to reviving Belmont County was made defendant in 1911, and which terminated at the today in the first damage suit growing insistence of the American delegation four-power pact relating to insular ions and insular dominions in the Pacific of the British Empire,

the four signatory powers.

Sent to Doom by Hughes. The Anglo-Japanese alliance, which assured Anglo-Japanese domination of Washington Conference because Charles Evans Hughes, head of the American delegation, made it clear from the start that America would sign no treaties of any character whatsoever unless and until this alliance was scheduled for the scrap-heap.

The sacrifices which America offered o make in capital ships, the abandonment of America's projected building which the United States seemed willing scrapping of the Anglo-Japanese alli-

"I want to get rid of that alliance at known to have stated with great emphasis at the time. He, as well as others, saw a real menace to the United States in the alliance, and he felt the ime was ripe to strike with all force at his command to eradicate it He finally succeeded and the four-power pact, signed December 13, 1921, contains

the following language in Article IV: "This treaty shall be ratified as soon tracting parties, and shall take effect on the deposit of ratifications, which thereupon the agreement between Great Britain and Japan, which was concluded at London on July 13, 1911, shall ter-

Signed in February, 1922.

The five-power naval treaty was not signed until February 6, 1922. The American delegation, under the leadership of Harding and Hughes, insisted upon having the arrangements completed for the burial of the Anglo-Japanese alliance before they agreed

arms limitation terms. Both the British and Japanese, of course, knew that America was making sacrifices to scrap the Anglo-Japanese alliance. There were storms of protest at Tokyo and some of the British naval experts looked askance at the plan. but there was no alternative excepting the failure of the conference. However, the British and Japanese were well aware of the fact that the alliance formed the most valuable asset the had for trading purposes.

cording to artice 3, "after the expiration of said period it shall continue to be in force subject to the right of any Including a Woman of the high contracting parties toterminate it upon twelve months' notice

Firemen found no trace of a body in the ruins, although a man in the neighborhood said the proprietor of a dry goods store had been asleep in the store. A grocer and the owner of a bakery in the building said they could not account for the blast. Scores of persons in the neighborhood were routed from their beds and the fire spread to an adjoining three-story building also was damaged. Many families were driven from their apartments. Miscow, Aug. 24 (A.P.).—Mme. Klepkoff, sentenced to death last month by a court-martial at Kronstadt, was executed today. Mme. Klepkoff was charged with adding her husband, Commander Klepkoff, in espionage for Great Britain, the was executed recently, it being alleged that he confessed to giving a report to a British intelligence agent in Finland, containing information on the condition of the Soviet armed forces, particularly the Navy. SHIPS BATTLE STORM IN ATLANTIC OFF COAST

British Steamer Finds Derelict Awash, With No Sign of Life Aboard

NORWEGIAN BOAT IN PERIL

Norfolk, Va., Aug. 24 (A.P.).-While The American Motorist Association will be organized this morning at the Willard Hotel under the auspices of the National Motorists Association at a meeting of delegates representing, it was said, 225,000 automobile owners. A get-together meeting of the delegates was held at the Washington Hotel last night. The delegates and officers of the N. M. A. retued to reply to the statements made by Henry. Raymond Beck, secretary of the N. M. A. said, the Hampton Roads section escaped the fury of the tropical storm that passed up the coast early today, shipping despite the advance warning, appears not to have been unscathed. A wireless message from the British steamer large derelict in latitude 33.57 north and longitude 70.24 west late yesterday The derelict was awash and there was

and longitude 70.24 west late yesterday. The derelict was awash and there was no sign of life aboard. The type of vessel was not stated, but it was assumed it was a sailing ship.

Coast Guard vessels will pick up the wreck if it is worth salvaging, and sink it otherwise, as the derelict is reported a menace to navigation. The position given is off the South Carolina coast.

Whether the wreckage was a result of the present storm was not stated in the message, if known.

The Norwegian steamer Dampen, New York to Norfolk, was caught in the storm last night and her skipper, Capt. L. Christensen, said on his arrival to-day he had never experienced a worse blow. The vessel at one time was dangerously near going aground, being in only 22 feet of water. She was light and easily buffeted by the wind.

The American steamer West Amargosa, from New Orleans, came into Hampton Roads to escape the storm. She was overtaken and battled two days with the elements before making port in safety. Unusually rough seas prevailed all along the Virginia-Carolina coast, but these had subsided this afternoon. The storm then, it was estimated, was 500 miles at sea.

MISSING MAN SOUGHT IN ATTACK ON NURSE

Frederick County Authorities Search Nearby Towns: Watch His Home.

Special to The Washington Post. Frederick, Md., Aug. 24.-With feel more vigorous fashion. Such units in ing running high against the man who national organizations are few and far between, but it is a truism that smaller minorities ever are the more vocifering running high against the man who Washington nurse, near Point of Rocks, residents of the vicinity have He said that the letters "A. HEARING OVER RIVER **POWER PLAN ROUSES** PRAISE AND ATTACKS

Critics at Harpers Perry Meetting Say Cemeteries Would Be Inundated.

FARM LAND AND SCENIC BEAUTY ARE ISSUES, TOO

Project's Advocates Cite products. Cheaper Electricity and Stimulation of Prosperity. Montgomery County Products. Atendance yesterday was high, and those in charge of the fair are confident that with favorable weather today and tomorrow attendance records for the event will be broken.

(From a Staff Correspondent.) Harpers Ferry, W. Va., Aug. 24.-The proposal to deevlop the water power of the Potomac River and its tributaries and thus supply hydroelectric energy to Washington, Baltimore and other points in Maryland, Virginia and West Virginia, was both praised and condemned at a public hearing held in the high school auditorium here today.

Critics of the power scheme declared that the storage dams would inundate scores of cemeteries and hundreds of acres of valuable farm land, that it would destroy the beauty of park lands at Great Falls, that it might industrialiez Washington, and that there was no necessity for it. One critic even suggested that enemy airplanes might bomb the dams and thus cause a flood to rush down upon the Capital. oposal to deevlop the water power of

comb the dams and thus cause a food or ush down upon the Capital.

Advocates of the enterprise denied most of these charges and declared the project would mean cheaper electricity and would stimulate prosperity. There is not intention of trying to make a actory city of Washington, sponsors of the plan said, and they also denied there would be any great destruction of the natural beauty of Great Falls.

Another Hearing Tomorrow.

Another Hearing Tomorrow.

The hearing was conducted by Maj. Brehon Somervell, Army engineer officer in charge of the Washington district, so as to give everybody in this region a chance to comment on the application of the Potomac River Corporation for a temporary permit looking to development of the Potomac's water power.

Another public hearing will be held in the Interior Department auditorium in Washington tomorrow at 1 p. m.

Harpers Ferry, at which would be located one of the power dams if the project went through, is at the juncture of three States. At the hearing there were 200 citizens from these three States and from the District of Columbia.

In one sense, the Potomac River Corporation was on trial, and although there were both prosecution and defense witnesses, the former undoubtedly made the most noise.

Brig. Gen. Charles Keller, former Engineer Commissioner of the District, was one of two men who did most of the talking for the Potomac River Corporation. He now is vice president of the Byliesby Engineering Co., of Chicago, which has a heavy interest in the Potomac River Corporation. He now is vice president of the corporation.

Woman Questions General.

ent of the corporation.

Woman Questions General.

Gen. Keller scarcely had finished oen. Keller scarcely had finished outlining the power project when he was submitted to lengthy grilling by Miss Evelyn K. Southworth, of 1645 Thirty-first street northwest, Washington. She is opposed to the project because, she says, the power dam planned for Great Falls would destroy much of the natural beauty of that region the natural beauty of that region.

Miss Southworth wanted to know if

Miss Southworth wanted to know if
the project would result in cheaper
power. Gen. Keller replied that the
corporation would not undertake the
development unless it believed it could
produce cheaper power.
She then asked him if the plans
would result in the industrialization
of Washington. He replied in the negastive. Washington never will be a factory city, he said, because capitalists
have no desire to invest their money
in manufactory enterprises there. He
said they preferred to invest their
money in places like Baltimore, where
factories already have been successful,
and he added that the power corporation hoped to sell most of its hydroelectric energy in such places.

\$110,000 Already Spent.

\$110,000 Already Spent. Gen. Keller and Mr. Bulkley declared the project would cost about \$60,000,000, and they revealed that \$110,000 already has been spent on plans and survey work. It was Constant Southworth, brother of Miss Southworth, who suggested the danger of enemy airplanes bombing the power dam. He also declared there was danger of the dam breaking in peace time. Commenting on this, Mr. Bulkley asked Southworth if he would stop building trains simply because one train got wrecked.

A small flood of pattless

trains simply because one train got wrecked.

A small flood of petitions poured on to the desk of Maj. Somervell at the hearing. Some of them praised the project and some denounced. Mrs. Franklin D. Roosevelt, wife of the former Assistant Secretary of the Navy, said she was afraid the power project would spoil plans for a park at Great Falls. Among the petitions of praise were many from business organizations in Maryland, Virginia and West Virginia.

Most of the criticism voiced at the meeting came from citizens living near places where it is proposed to build large storage dams—Charles Town, W. Va.; Broadway, Va.; Rompey, W. Va., and Berkley Springs, Va.

ALEXANDRIAN NAMED PRESIDENT OF STATE FIRE ORGANIZATION

Virginia Association Chooses Ocean City for Convention Site Next Year.

CITY MANAGER MORTON GIVES WELCOME ADDRESS

Washington Firemen Hosts to Visitors Following Visit to Arlington.

THE WASHINGTON POST BUREAU 124 N. Patrick St., Alexandria, Va. James M. Duncan, jr., chief of the ed president of the Virginia State Fire men's Association in convention here yesterday without opposition to succeed F. C. Jesser, of Coving Chief Duncan formerly held the office of vice president and has been head of the Alexandria department since June 1924

Other officers chosen are C. C. Mug ler, of Phoebus, vice president; John C. Claraty, of Charlottesville, treasurer; J. D. Gordon, Newport News, secretary; L. E. Lookabill, Roanoke, statistician, and the Rev. Roy Angle, of Charlottesville, chaplain. The only contest in the election was for the office of secretary, the incumbent, E. K. fice of-secretary, the incumbent, E. K. Landis, of Pulaski, being defeated by

Iandis, of Pulaski, being defeated by Mr. Gordon.

Ocean City, a suburb of Norfolk, was chosen as the 1928 convention city, without any decided opposition, although the point was raised that it had no volunteer fire department. Ocean City was a contender last year when Alexandria was chosen.

The business session yesterday was opened with invocation by the chaplain, and City Manager Paul Morton, on behalf of the city, velcomed the visitors. He congratulated the firemen on the excellent order they had preserved and stated there would be no restrictions on noise making.

Plenty of Noise Made.

Plenty of Noise Made.

The firemen appear to have brou with them everything in a noise-makin line obtainable and have not been a all backward in using automobil all backward in using automobile horns, sirens, bells and whistles. It has become a familiar sight to observe an automobile dashing madly about the streets dragging behind it a col-

lection of tin cans.

Mr. Lookabill replied to the address Mr. Lookabill replied to the address of welcome with reminiscences of for-mer conventions held in this city.

The business session adjourned at noon and the delegates went on a sight-seeing trip to Washington, Arlington, National Cemetery and other nearby points and later in the afternoon were guests of the Washington fremen and guests of the Washington firemen and vitnessed a demonstration of the Wash-

ington fireboat at its wharf.

More than 50 fire companies will be in the parade this afternoon, with 20 or more bands. In addition to the fire-

MINNEAPOLIS CONTENDER FOR G. O. P. CONVENTION

City Clerk Files Notice, but Says Nothing of \$250,000 Guarantee Requgired.

MUCH DOUBT OVER PLACE

Official notification reached headuarters of the Republican national ommittee yesterday that Minneapolis is a contender for the 1928 Republican is a contender for the 1928 Republican convention. A copy of resolutions adopted by the Minneapolis city council inviting the Republicans to come to that city was received by William M. Butler, chairman of the national committee, from the Minneapolis city The resolutions declared that the

new Minneapolis auditorium furnishes a suitable place for the holding of the convention, and that the Twin Cities

convention, and that the Twin Cities have ample accommodations for entertaining delegates and other visitors.

Whether or not Minneapolis is ready to make a financial guarantee was not indicated. San Francisco thus far is the only city which has come forward with the necessary \$250,000 guarantee.

Republican leaders confess to considerable doubt as to where the convention should be held. Up to the time President Coolidge withdrew as a candidate and the supposition was that he would be renominated without much of a contest, there was a tentative understanding that the convention would be held west of the Mississippi River.

This was on the theory that with the

This was on the theory that with the residential nominee an Easterner and ith his principal weakness in the West,

He came 17 miles for treatment. Doctors found his arm greatly inflamed. They believe he will recover.

TOURNAMENT RIDERS **CONTEND FOR PRIZES** AT ARLINGTON FETE

Herbert McConkey Knight of Center Market, Wins First Honors.

CRASH INTO TELEPHONE POLES WRECKS TRUCK

Arrangements Completed for American Legion Post's Beauty Contest.

ARLINGTON COUNTY BUREAU OF THE POST.

Riding in the tournament at the Arlington Day celebration held yesterday under auspices of the Arlin ton Athletic Association before mo teray under auspices of the Armston Athletic Association before more than 400 persons, Herbert McConkey, Knight of Center Market, won first prize; Brooke Keroy, Knight of Oxon Hill, won second prize; James McConkey, Knight of St. Ignafius, won third prize, and J. B. Bowie, Knight of Maryland Boy, won fourth prize Owing to darkness the riders experienced difficulty in seeing the half-inch rings. Following an old-fashioned Virginia chicken dinner, the Knight of Center Market crowned his wife queen of the ball. Miss Mary Baggett, of Clarendom Miss Clara McConkey, of Oxon Hill, and Miss Bessie Prue, of Washington, were maids of honor.

Before the tournament the baseball team from Cherrydale defeated, the Arlington Team, 9 to 2.

The program was concluded with candidates for county offices giving short addreses.

Crashing into two telephone poles in Lyon Village yesterday, G. W. Mac-Glannahan, driving a Connecticut Cop-perthite Pie Co. truck, narrowly esperthite Pie Co. truck, narrowly escaped injury.

MacGlannahan was arrested and taken to the Arlington County Jail, where he was charged with driving while under the influence of liquor. He later was released on \$500 bond.

The truck, which was wrecked, was moved away last night in sections by the company.

Arrangements last night were completed for the beauty contest to be
held the night of August 31 by Arlington Post, No. 139, American Legion, for
choosing Miss Arlington to represent
Arlington County at the annual State
convention to be held at Newport News,
September 5, 6 and 7.

Those who have been nominated for
the contest are Miss Elste Bushing, Miss
Evelyn J ohnson, of Clarendon. Miss
Madeline Howell, of Ballston, and Miss
Marjorie R. Shanholtz.

Marjorie R. Shanholtz The special committee of the Ar-lington County Republican committee on registratio: met last night in the Rucker Building, Clarendon. The com-mittee plans to have each of the dis-tricts covered and a check made of all

voters to see that they are properly registered.

ANNOUNCEMENT

NOTICE is hereby given that the STEUART MOTOR COMPANY, heretofore owned and conducted by Leonard P. Steuart and Guy T. Steuart as co-partners, is now wholly owned and controlled by Guy T. Steuart, he having purchased all of the rights, title and interest of Leonard P. Steuart in the STEUART MOTOR COM-PANY, the agreement of dissolution of said partnership becoming effective, for all purposes, August 29, 1927.

We wish to take this opportunity to thank, most sincerely, our many friends and patrons for their unswerving loyalty and helpful cooperation in our years of en-deavor in the motor car industry, without which we could not possibly have made the STEUART MOTOR COMPANY the tremendous success it now is.

to have been satisfactorily adjusted to have been satisfactorily adjusted this afternoon, and in the early evening Capt. Hamilton and Col. F. F. Minchen, who is to accompany him on his trans atlantic journey, went up for an hour's trial. On coming down it was declared the machine worked perfectly.

Capt. Hamilton denied reports that Princess Lowenstein-Werthelm, who has held a flying license for many years, would be a passenger on the overseas attempt. This denial was occasioned by the publication of a report that the princess would be the additional passenger which it was said several days ago Hamilton contemplated taking along. But today the aviator asserted that only he and Col. Minchen would make the trip.

The plane will be flown to Upavon tomorrow morning, where it will be fueled and, according to the present plans, will take off about 7 o'clock Friday morning. Capt. Hamilton denied reports that

Mid-Ocean Weather Good.

New York, Aug. 24 (A.P.).—Almost ideal weather for flying to Europe was forecast for tonight and tomorrow from mid-ocean eastward, but storms of great intensity nearer America made it impossible for any plane to get to mid-ocean to take advantage of the good weather.

weather. James Kimball, of the Weather Bureau, said that a storm of gale force with conflicting winds and violent thunder squalls near the center was about 130 miles south of Nantucket this morning and was moving northeastward.

tucket this morning and was moving northeastward.

"The storm will move rapidly," he said, "and will continue a menace to transatiantic filers for 36 hours (from noon today), perhaps longer, over the western half of the ocean."

Old Glory, the only American plane completely ready for an ocean flight, remained in its hangar at Curtiss Field today, while the rain-soaked runway at Roosevelt Field dried out under a stiff breeze and warm sun and the pilots hoped that passage of the present storm might clear the ocean air lane by Friday.

storm might clear the ocean are asset by Friday.
Detroit, Aug. 24 (A.P.)—"Duke" Schiller, who will pilot Phil Wood, of Detroit, on a projected nonstop flight from Windsor, Canada, to Windsor, England, starting Wednesday of next week, took off at 10:10 a. m. today for Curtiss Field, N. Y., where tests will be made of the instruments in his Stinson-Detroiter monoplane. Schiller

Stinson-Detroiter monoplane. Schiller expected to make the trip in six hours. Curtiss Field, Aug. 24 (A.P.).—Ensign Stephen Edwards, U. S. N., as radio operator, will be the third member of thy crew of the Ville de Paris, the plane in which Capt. Rene Fonck hopes to make a transatlantic hop, it was said today.

The navigator will be Lieut. Lawrence W. Curtin, who escaped uninjured when Fonck's plane crashed in flames, killing two men, in an attempted take-off for Paris last year.

The interior of the cabin of the Ville de Paris was upholstered today in brown snakeskin. The skins, of which more than 100 were used, were presented by a friend in Paris, Capt. Fonck said.

Redfern May Start Today.

Redfern May Start Today.

Brunswick, Ga., Aug. 24 (A.P.).— Clearing weather tonight gave Paul Redfern, pilot of the Port of Brunswick monoplane, hopes that he could be off tomorrow on his projected flight to

monoplane, nopes that he count be on tomorrow on his projected flight to Brazil.

The young filer, advised by Paul V. Varner, chairman of the flight committee that the start probably could be made tomorrow, today made final preparations for his salo voyage on which he hopes to set new world's records for endurance and distance flights.

The fuel tanks of the Stinson-Detroiter monoplane were filled today and the safety apparatus packed carefully in case of an emergency that might arise on the 4,600-mile flight over sea and jungle to Rio de Janeiro, his objective. The gasoline tanks, behind the engine and in the tail and wings of the plane, have a capacity of 550 gallons.

The hurricane which swept across the Caribbean sea was in the North Atlantic tonight far above his course and weather conditions were clearing rapidly, according to reports received from Washington. Except for local disturbances, the Brazilian weather bureau today showed favorable conditions on the southern end of the route.

Rome Prepares Greeting.

Rome, Aug. 24 (A.P.).—Officers of the ttalian Aeronautical Service announced today that plans were being made to give a rousing welcome to Lloyd W Bertaud and James D. Hill, pilot and navigator of the plane Old Glory, land-ing here after nonstop flight from New

York.
The aviation officers said they made the announcement to counteract ru-mors that the greeting of the two American filers would be clouded by feeling over the execution of Sacco and Vanzetti.

FLIGHT WITH PARIS AVIÁTION MINISTER FOR LOST AWATORS

Ocean Flier Takes Bokanowski Up in Gale in Effort to Keep Toronto Date. Are Discovered.

DESCEND AT BUFFALO: TO REMAIN OVERNIGHT

Adventure; Decorated Five Times in War.

Buffalo, N. Y., Aug. 24 (A.P.).—High winds, apparently the tail-end of a hurricane that has whipped the eastern seaboard for two days, tonight forced Maurice Bokanowski, French minister of aviation, and Commander Richard E. Byrd to abandon an air trip from New York to Toronto. They decided to remain here overnight.

The Ford-Stout trimotor airplane, carrying the French minister and his American aviator host, landed at the Buffalo airport shortly after 9 o'clock, Eastern daylight time, after having been nearly an hour overdue on its hop from Ithaca.

from Ithaca.
Ithaca, N. Y., Aug. 24 (A.P.).—Maurice

Ithaca, N. Y., Aug. 24 (A.P.).—Maurice Bokanowski, French minister of aviation, accompanied by Commander Richard E. Byrd, took off from the Thomas-Morse airport here at 7:15 p. m. Eastern daylight time, tonight, on his way to Toronto, Ontarlo, M. Bokanowski, making the trip in a Ford-Stout trimotored plane, was here about 15 minutes while the ship was being refueled.

Commander Byrd reported here that strong winds were encountered through-out the trip from Mitchel Field, but that the trip had been pleasant.

Sought to Keep Engagement.

New York, Aug. 24 (A.P.) .- As the

Sought to Keep Engagement.

New York, Aug. 24 (AP.).—As the guest of Commander Richard E. Byrd, the French minister of aviation, was host to the American filers in France, was given a taste today of the weather the commander encountered on his transatiantic flight. Despite a 40-mile gale, the two set out for Toronto in a Ford-Stout plane rushed from Detroit especially for the flight.

Learning that Maurice Bokanowski, French minister of commerce, industry, aviation, post and telegraph, had made a belated salling from France and would arrive here today, the very day he had an engagement in Toronto, Commander Byrd, through the assistance of Edsel Ford, was able to rush as plane from Detroit in an effort to help his former host keep his engagement.

The minister was met at Quarantine by Commander Byrd, Capt, Rene Fonck, French officials in America and the mayor's reception committee, when he earlived on the liner France this morning and twas 3 o'clock this afternoon before the official reception was completed. High winds then caused the abandonment of the flight, and the minister was preparing to go by train, when slightly moderating winds caused the abandonment of the flight, and the minister was preparing to go by train, when slightly moderating winds caused the abandonment of the flight, and the minister was preparing to go by train, when slightly moderating winds caused the abandonment of the flight, and the minister was preparing to go by train, when slightly moderating winds caused the same than the minister was preparing to go by train, when slightly moderating winds caused the same than the minister was preparing to go by train, when slightly moderating winds caused the same than the minister was preparing to go by train, when slightly moderating winds caused the same than the minister was preparing to go by train, when slightly moderating winds caused the same than the minister was preparing to go by train, when slightly moderating winds caused the monoplane Golden Eagle, plotted by Jack Frost and navigat

Minister Was War Hero.

The pilot of the plane, Harry Brooks, said the weather might necessitate a landing at Ithaca, N. Y., and that a stop would be made at Buffalo for fuel. He said he then hoped to make Toronto in the dark, but as he was not familiar with the location of the field, it might be necessary to return to Buffalo.

Other passengers in the large, allother passengers in the large, all-metal plane were William B. Stout, head of the Stout Metal Airplane Works, i division of the Ford Motor Co., and Harry D. Wilshire, in charge of the Ford works in Canada.

M. Bokanowski was eager to make the flight, in an effort to keep his engagement to address the Canadian Bar Association. He had been delayed in sailing by the formalities of signing the Franco-German commercial treaty.

"BOMB" DISCOVERED; **ONLY BOWLING BALL**

Milk Wagon Driver Takes It to Police; Explosive Squad Solves Mystery.

Special to The Washington Post.

New York, Aug. 24.—Of the finding of bombs there is no end. Daniel Tanzer, a milk wagon driver, was going about his business today when, outside an apartment at 240 West Tenth street, what should he find but a large round object. It looked like one of those things the cartoonist pictures with a black-bearded anarchist behind it.

Very cautiously, thinking intently of bomb plots, he went to the ash can where the object reposed. He fished out the round object, 6 Inches in diameter, painted a mottled yellow, rather heavy and with a "plugged-up hole" in its side. Tanzer drove to the Charles street station and eased his find in.

Detective Allen placed the round object in a pail of water. That's the first thing to do with a bomb. It sank! That, obviously meant it was a bad sort of bomb. The bomb squad and the fire department bureau of combustibles were notified and hurried over.

Detectives Melin and McCartney, of pecial to The Washington Post.

over.

Detectives Melin and McCartney, of the bomb squad, fished out the bomb and found it was a bowling ball. The plugged up hole was the indentation in which the bowler puts his thumb.

Horses: Suit Follows

Witchita, Kas., Aug. 24 (A.P.).—Charging that an air mail plane frightened his horses, causing a runaway in which he was injured, Wilbur Munson, Cascoday, Kas., farmer, has filed suit for \$10,512.15 damages in District Court here against the National Air Transport, Inc. Munson alleges the plane flew fifty feet above a field where he was plowing.

Cost of Masses Rises With Living Expenses

Madrid, Aug. 24 (A.P.).—Feeling that the high cost of living affects the clergy as well as the laity, the Bishop of Madrid has authorized a doubling of the cost of masses. He says, however, that should parishoners be reluctant to meet the increase, priests should give ground.

MACKAY COMPANIES PLAN RADIO SERVICE SYSTEM

Auxiliary Will Be Used to Develop Point-to-Point Communication.

VICE PRESIDENT NAMED

New York, Aug. 24 A.P.).—Radio communication shortly will be used by the Mackay companies as an auxiliary to the present commercial communication system to provide complete land telegraph, ocean cable and land and ocean radio service, it was announced today by George V. McLaughlin, vice president. Not only will the radio be used to span the Pacific Ocean, it was explained, but it will be employed in the development of a point-to-point communication service within the United States, supplementing existing land wires.

munication service within the United States, supplementing existing land wires.

The Mackay companies have signed a contract for the acquisition by a subsidiary of the Federal Telegraph Co, which now operates point-to-point and ship-to-shore radio service on the Pacific Coast, whereby the Mackay companies will have the right to use and to expand the Federal Radio System and use radio apparatus manufactured under Federal and other patents.

The Federal Co. controls the development of the long wave length are system of radio transmission, and has rights in the DeForest and other patents on short wave transmission for use in the point-to-point service. The company also has a research laboratory and engineering system which are engaged in the fields of television, facsimile and photo-electric telegraphy and telephony, so that the Mackay companies may exploit to the fullest extent any pertinent developments in these fields. Mr. McLaughlin said the proposition has been submitted to the United States Department of Justice and the Federal Radio Commission.

The election of H. A. Emmons as a vice president of the Mackay companies also was announced, his duties to be similar to those of traffic en-

Cook Disappears From Boat at Sea

Key West, Fla., Aug. 24 (A.P.).— Harry Williams, cook on the Tampa fishing boat Jewell, was reported by Capt, Walter P. Murray, master of the boat, as having mysteriously disap-peared 20 miles off Dry Tortugas early last night.

last night.

Murray, in reporting the affair when the boat docked here today, said that the man had been seen by the entire crew shortly before he disappeared. He said a six-hour search of the vicinity failed to reveal any trace of the cook. Williams, Murray said, was a Scotchman, 36 years of age, and had been in this country fifteen years.

Bucket Brigade Used To Save Town Afire

Grand Tower, Ill., Aug. 24 (A.P.).— Residents of this village of 600 popula-tion railled to save their homes and business establishments from destruc-tion by fire here today by forming a bucket brigade. They stemmed the flames until the Murphysboro fire de-partment rushed to their aid. Four frame buildings housing a hotel, bakery, confectionery, barber shop, grocery and the home and office of a doctor, were destroyed, with an estimated loss of destroyed, with an estimated loss of

DAPPER MAYOR WALKER MAKES BERLINERS GASP

Contrast Between New York and German Type of Official Proves Startling.

BUT "JIMMY" MAKES HIT

Berlin, Aug. 24 (A.P.) .- Berliners, ac customed to portly and ofttimes imperious officials, beheld trim and dapper James A. Walker, Mayor of New York, today with gasps of astonish ment.

ed, portly, stiff-backed and stern, or the Prussian type, with unbending dignity, gold-rimmed spectacles and ausnity, gold-rimined spectacies and austere mien. Consequently the spectators gazed at Mayor Walker with undisguised awe. They marveled at the youthful appearance and smart clothes of this executive head of a city of \$600,000 couls.

South and West was prophesied and approved by speakers at the institute.

Economic kinship of the South and West and other points of political sympathy were set forth by George A. Peek, president of the American Council of Agriculture, which represents more than 50 farm organizations; by Clarence Ousley, of Dallas, Tex.; by Henry A. Wallace, editor of Wallace's Farmer, a Western farm publication, and by Dr. B. C. Kilgore, of Horth Carolina, chairman of the board of the American Coton Growers Exchange, representing cooperative associations in twelve States. The McNary-Haugen farm relief bill came in for strong support in the conference discussion.

"The progress that has been made toward political cooperation of the West and South toward a fair and constructive policy is the result of little more than two years effort," said Mr. Peek. "It requires no prophetic vision to forecast the score and permanence which it will achieve in the future."

"There will be an equalization fee in the next Congress or an equalization fight in the next campaign," he said, that agriculturists of the South and West got together in a political valve, cooperating at times with Eastern labor, to hold in check the rapid exploitation of natural resources and industrialization of the country.

"The farmers have seen the government give labor the Adamson act, the railroads a Cummins-Esch act and industrialization of the country." The farmers have seen the government give labor the Adamson act, the railroads a Cummins-Esch act and industrialization of the country.

"The farmers have seen the government give labor the Adamson act, the railroads a Cummins-Esch act and industrialization of the country." The farmers have seen the government give labor the Adamson act, the railroads a Cummins-Esch act and industrialization of 50 per cent. These are an adequate background for political unrest among farmers." Wallace said.

The unnatural alliance under Republication of laboration to the country of the country of the country of the country of the co

OUESTION OF POLICING BRIDGE MOVES HESSE

Asks Survey to Determine Responsibility for Approach to Highway Span.

to Highway Span.

The question of jurisdiction for policing the south approach to Highway Bridge, as between the District, Virginia and the War Department, is again agitating local municipal officials. Maj. Edwin B. Hesse, superintendent of police, yesterday recommended to the Commissioners that a survey be made to determine definitely where responsibility for regulation lies.

Under date of August 4, R. B. Swope, president of the Southern Oxygen Co., South Washington, Va., wrote the park police complaining that employes of three Washington hotels were stationed south of the bridge to throw advertising circulars into passing autómobiles and that they had caused injury to a passenger in his car. He also complained of the blocking of the road in front of the headquarters of a loan banker by the parked cars of those calling for loans.

The complaint was transmitted to the District Commissioners by Lieut. Col. U. S. Grant 3d, who said he had no jurisdiction. The, Commissioners referred it to the Police Department, which caused the hotel employes to move farther south, away from the bridge, which admittedly constituted no improvement.

Mrs. Janet A. Ross, English Writer, Dies

Florence, Italy, Aug. 24 (A.P.).—Mrs. Janet Anne Ross. English writer, died today at her villa near Settignano, aged 85.

Mrs. Ross had lived in ItIaly since 1867. The eldest child of Sir Alexander Cornewell Duff Gordon, she married Henry James Ross, banker, of Alexandria, Egypt. in 1860. She lived in Egypt six years, for three of which she was correspondent for the London Times. Among her publications are "Italian Sketches," "Three Generations of English Women," "Florentine Villas," and "Lives of the Early Medici."

Difficulty Met in Finding Place for Sacco and Vanzetti Lying in State.

FUNERAL PROCESSION TO PASS STATE HOUSE

Cremation to Follow Parade on Sunday: Religious Rites Abandoned.

Boston, Aug. 24 (A.P.).—The bodies of Nicola Sacco and Bartolomeo Van-zetti will lie in state at a funeral par-tit will be a state at a funeral par-bert Hallan section or in the North End Italian section from tomorrow afternoon until Sunday he Sacco-Vanzetti defense con

from tomorrow afternoon until Sunday, the Sacco-Vanzetti defense committee announced tonight. Sunday afternoon a funeral parade will march through the downtown streets and past the Statehouse to Boston Common, where caskets will be placed in automobiles and the bodies taken to Forest Hills Cemetery for cremation.

Extension of a city ordinance requiring burial within four days of death was granted by city health authorities late today, otherwise the funeral must have been held before midnight Friday, 96 hours after the men were executed at Charlestown for murder.

Plans to have the bodies lie in state until time for cremation, met several setbacks today when the proprietors of several North End halls refused to lend their buildings for the purpose. The owners of the buildings housing the defense committee went so far as to nail a 2x4 joist upright in the doorway to prevent the passage of any casket into the building.

Religious Equipment Removed.

Religious Equipment Removed.

The funeral director solved a twofold problem by offering the use of part of his establishment and agreeing

part of his establishment and agreeing to remove from the presence of the two men in death the religious appurtenances which in life they scorned. Both died last Tuesday morning firm in their refusal to reembrace the Catholic religion of their childhood.

Mrs. Sacco, Miss Luigia Vanzetti, sister of Bartolomeo, and a few others are expected to ride in automobiles in the funeral parade.

Miss Vanzetti has announced that she will return the ashes of her brother to his native soil, possibly passing through London, Paris and other European cities en route. Disposition of Sacco's remains rests with his widow, of Sacco's remains rests with his widow

whose plans have not yet been an nounced. Past Defense Headquarters.

The route of the parade will lie past the doors of the Sacco Vanzetti defense committee on Hanover street, whence the seven-year legal fight to save the men from the chair was directed; past the statehouse on Beacon Hill, where nearly 200 "silent protest" picketers were arrested in the closing days of the case; and finally to the Charles street mall of the Common—"Soap Box Row"—where radicals from Charles street mall of the Common—
"Soap Box Row"—where radicals from
all corners of the earth have propounded
their theories to Sunday atternoon
crowds and where the defense committee in the closing weeks of their struggle tried unsuccessfully against the
police to "put this case before the
people."

Several hundred persons crowded
about Joseph A. Lavogne's undertaking rooms in the North End today in
the erroneous belief that the bodies
of Sacco and Vanzetti had arrived
there. The attempt of the undertaker's
assistants to place a casket in a hear's

there. The attempt of the undertaker's assistants to place a casket in a hearse added to the excitement, and the lone officer guarding the establishment was forced to summon additional men to keep the crowd in order.

The crowd dispersed when told that the bodies had not yet been received from the embalming rooms.

he asserted, he was knocked down and robbed, being injured so seriously that it was necessary to take him to a Monterey hospital. In addition to De Coursey and Bruga, two other men, claiming to have been deported from Mexico, have passed through San An-tonio recently

Yaqui Rebels Surround 3 Towns Reported Taken

Nogales, Ariz., Aug. 24 (A. P.).—Dispatches to the Nogales Herald today told of a Yaqui rebel concentration in the Sierra de Bacatetes Mountains of Sonora and of three towns in southern Jalisco, Mexico, being captured by revolutionary bands.

The Yaquis were reported to have committed depredation: within sight of El Palme, railroad division point. Gen. Zertuche has been detailed to investigate the reported concentration in the virtually impenetrable natural fortresses.

Buenos Aires, Mazamatla and Conception were occupied by the rebels in Jalisco, the dispatches said, after routing a small federal guard force. Federal troops are being assembled to regain the lost positions.

Louise Fazenda, Ann Rork and Douglas Fairbanks, Jr., Accompany Him.

Courcey, New York Times correspondent, who recently was deported.

According to Bruga, who said he was native of Roanoke, Va., he was held incommunicado in a Mexican jail for three days and then placed aboard a Texas-bound train. When he refused to pay the expenses of his four guards, he asserted, he was knowled down. Among those with Rogers are Louise Fazenda, Ann Rork, Douglas Fairbanks, jr., and Sam E. Rork, production manager.

The party was met at Union Station

by a large crowd of Rogers fans and by a welcome committee from the National Press Club. Rogers will be the guest of the Fress club at dinner Saturday night and later will address the club's radio audience from the Washington Auditorium.

MAN, LEAVING JAIL FACES WIFE'S CHARGE

Bigamist Must Answer Non-Support Indictment in New York.

In New York.

A few minutes after he left the District Jail yesterday upon completion of a two-year sentence for bigamy. James Fulsom Dickson, 24 years old, was arrested on an indictment charging him with failure to support his first wife, the former Miss Elizabeth Schapsel, now living at Richmond Hill, N. Y. The indictment was returned in New York, and a detective from that city was on his way here to get Dickson last night. The nonsupport indictment was indirectly the cause of Dickson's arrest on the bigamy charge. It was returned by a Kings County grand jury in 1925 upon complaint of the wife whom he had married in 1920. They have two children.

children.
Upon receipt of the indictment head-quarters detectives went to Dickson's home on Third street northeast to ar-rest him, and there found that three months earlier he had married Miss Jeanne C. Bleecker without the formal-ity of obtaining a divorce from his first wife.

Convention Planned By Catholic Women

TALE OF NEW CAVE HELD SUBSTANTIATED

Ashley Leads Correspondent in Cavern Where He Was Imprisoned.

Chattanooga, Tenn., Aug. 24 (A.P.).—
The Chattanooga News says today that
Lawrence S. Ashley furnished one of its
staff correspondents convincing proof
that he actually was imprisoned in
Nick-a-Jack cave last week. O. P. Pile,
State mine inspector, had reported to
Gov. Peay that in his opinion Ashley
was not lost in the cave, but that the
entire affair was a hoax for publicity
purposes.

was not lost in the cave, but that the entire affair was a hoax for publicity purposes.

Ashley took the News correspondent on a tour of the cave and he reported that he was shown a new cave and also was led to the point where Ashley claimed to have dug himself out Sunday morning after having been in the cave a week. The correspondent said he not only found foot prints to show proof of Ashley's story, but that they bore the peculiarly fashioned cleats of those on Ashley's shoes.

The account said that Ashley furnished "almost positive proof" of his story and added that he was "very modest in his efforts to furnish proof of his account of the week spent in the cave."

WEALTHY WOMAN'S DEATH IS MYSTERY: OFFICERS SEEK SON

Young Hill, in Illinois, Known as "The Fish." Because of Gambling Losses.

BODY UNDER HER HOME: NO SIGNS OF STRUGGLE

No Bloodstains Seen; Many Mystifying Phases in the Case Are Studied.

Streator, Ill., Aug. 24 (A.P.) .- Harry finding of his wealthy mother's body uried beneath her home, registered s buried beneath her home, registered at a Streator hotel on August 12, giving his address as New York, and instructing the night clerk that he was not to be disturbed by telephone calls.

Frank Tuley, hotel clerk, told a corner's jury today at the opening of an inquest into Mrs. Hill's death that young Hill lived at the hotel about two weeks. Mrs. Hill had not been seen for three weeks before her body was discovered.

discovered.

Alice Sawyer, young Hill's 20-yearold sweetheart, told the coroner's jury
that Harry was with her last Sunday
night, just 24 hours before the body
was found, and that he was as usual,
happy and care free.

"He was going to call me tomorrow
from Chicago and arrange for mother
and me to meet him there Friday,"
she said.

Known as "The Fish."

The authorities think the circum-tances indict young Hill, known to some in Streator as "the fish," because of his continued losses at gambling. A warrant charging him with murder was obtained today by William Rabb, chief of police, and Russell Hansen, State's attorney, said he obtained a warrant for murder.

the daily tramp of miles to a oneroom country school house and how
dad killed the pig and salted it down
each fall for spring were recounted
here today to a group of children eagerly listening to the girlhood memories
of Mrs. August Kusner, who celebrated
her 108th birthday today.

Arising from bed at noon, a luxury
which she has allowed herself only
three times in the past three years,
Mrs. Kusner was greeted by friends
with numerous presents. Her maxim
for long life is a bellef in healthy,
hard work for children and adults.

"Life was much harder then," she
said of her childhood days, "but it
was good. It was the work that I did,
that made me so healthy and strong.
You can be just as strong if you always have some work to do in the
open and you will be happy, too. What
you see will look good; what you eat
will taste good and there will be more
fun for you in the dance and the
game." warrant for murder.

Hill's movements have been traced by officers until yesterday morning, when he dropped out of sight in Chicago after spending the night with a friend.

riend.

Because of the several checks that Harry had drawn on his mother's account bankers had complained to his father, Dr. H. C. Hill, prominent oculist who had lived apart from his wife for several years. The son is reported to have given conflicting answers as to Mrs. Hill's whereabouts when the father investigated the checks.

Mrs. Hill's body was taken to Springfield, Ill., today for burial.

Mystifying phases of the slaying of Mrs. Hill arose today as Chicago and Streator police pushed their search for Harry.

WEALTHY MRS. WALL

Army Joshes Reporter

About His Plans.

ADOUT HIS Plans.

New York, Aug. 24 (A.P.).—Maj. Gen. Robert Lee Bullard and Mrs. Ella Reiff Wall, wealthy widow of Duncan Wall, of Philadelphia, were married today by the Rev. Aloysius C. Dineen, who was Gen. Bullard's chaplain for three years. The only witnesses at the wedding, which took place in Mrs. Wall's apartment in the Hotel Buckingham, were two sons, a daughter and a daughter-inlaw of the retired Army officer.

Asked about his plans for a wedding trip, Gen. Bullard evaded the question by answering, "I haven't decided whether we'll go to Coney Island or up the Woolworth Bullding."

The general, who commanded the

Woolworth Building."
The general, who commanded the Second Army in the World War and retired in 1925, is 66 years old. His first wife, Rose Douglas Brabson, of Chattanooga, Tenn., died several years ago. The second Mrs. Bullard is 52 years old. Her first husband died in 1911.

WOMAN, 108, HOLDS
HARD WORK IS GOOD

Recounts Girlhood Days to Group of Children on Her Birthday.

St. Charles, Ill., Aug. 24 (A.P.)—Saturday night baths in a wash tub, the daily tramp of miles to a one-room country school house and how dad killed the pig and salted it down each fall for spring were recounted here today to a group of children eagerily listening to the girlhood memories of Mrs. August Kusner, who celebrated her 108th birthday today.

In the nineteen days that he was in Canada the premier said he had made 26 public speeches, adding that he mentioned the speeches only in case there might be an impression that he had been "on a holiday."

"Any one who tries to get a birdsey view of Canada in a short time can not fall to be almost overwhelmed by its sheer vastness," the premier said. "If do not hear of any serious problem in the relations between labor and capital over there. Canada has plenty of elbow room for both and she needs more men and money, and when I say "men' I mean men and women."

The premier said he had made 26 public speeches, adding that he mentioned the speeches only in case there might be an impression that he had been "on a holiday."

Hatton, 34, 1218 Randolph street northwest, who have been missing since Saturday, were married in Forestville, Md., on the day of their departure, according to the girl's mother, Mrs. Josie M. Jackson.

Jackson.

Although her daughter's whereabouts are unknown to her, Mrs. Jackson said yesterday she will be forgiven when she returns.

3 KILLED, MANY FAINT AT ZAGLOUL FUNERAL

Fall of Balcony in Cairo Fatal to Spectators; Heat Is Intense.

Cairo, Egypt, Aug. 24 (A.P.).—Three pectators were killed in the fall of a spectators were killed in the fall of a balcony and many heat prostrations occurred during the procession today that was part of the funeral cere-monies for Zagloul Pasha, nationalist leader and president of the Egyptian Chamber of Deputies, who died yester-Chamber of Deputes, who died yester-day. Thousands along the line of march witnessed the procession that lasted for 1 hour and 20 minutes. Representatives of the labor syndi-cates, with many bands, led the mourn-

cates, with many bands, led the mourning march, while government groups were followed by military units. A group of 200 officers preceded the coffin, which was borne on a gun carriage covered with a silken Egyptian flag. About 4,000 official mourners followed, then a body of Freemasons and mounted police.

The last farewells to the Egyptian statesman were said at the Immam-Yhafe Mosque.

Williams Heads Group To Promote Aviation

Lawrence E. Williams has been appointed chairman of a special commit-tee of the Washington Board of Trade which will have as its object the pro-motion of aviation in the Capital and

WEDS GEN. BULLARD

Failure of the Geneva arms parley should result in a strengthening of the American Navy, the secretary declared. If his suggestion is carried out, two \$8,000,000 cruisers, instead of one, would be constructed at Mare Island. The newly appointed committee will foster the establishment of an airport here and will carry on a campaign to disseminate to the country information relative to the advantage of the National Capital as an aviation center.

Senor Davila, according to friends in the Latin-American colony here, speaks excellent English, and is thoroughly conversant with the relations between Chile and the United States. He is married and has two children, and it is regarded as certain that if he should be appointed to the post here he would bring his family with him. Should the State Department find him persona grata, it is believed that he will arrive in this country about September 14.

TRUSTEES FILE SUIT Theodore D. Robinsson in

ROOSEVELT ESTATE

Legal Action Against His Son Over \$500,000.

New York, Aug. 24 (A.P.).—A friendly suit for an accounting of the estate of Theodore Roosevelt, father of the late President, in which an Assistant Secretary of the Navy is suing his son, was retary of the Navy is suing his son, was instituted in supreme court today.

The trustees of the estate, Theodore Douglas Robinson, Assistant Secretary of the Navy, and John Y. G. Walker, vice president of the Central Union Trust Co., brought suit against Robinson's son, Theodore Douglas Robinson, Jr., as an heir, along with fourteen others.

ir., as an heir, along with fourteen others.

Counsel for the trustees said the sum involved had grown to more than \$500,000, the original bequest having been much less when made 49 years ago. There has been no accounting of the trust since 1898.

The testator named as his heirs, his wife, his two sons, Theodore and Elliott, and his daughters, Krs. Douglas Robinson and Mrs. William Sheffield Cowles, are the only direct heirs now living.

IRISH RULE HINGING ON 2 BY-ELECTIONS

Fate of Cosgrave Regime in the Balance; Dail May Be Called at Once.

Dublin, Aug. 24 (A. P.).—The fate of

Dublin, Aug. 24 (A. P.).—The fate of the Cosgrave government was at stake in two-byelections in Dublin City and County today. The result of the elections will not be known until late tomorrow. But, whatever it is, it appears that a general election can not long be avoided.

If the government is beaten in both constituencies where the elections were necessary to fill vacancies caused by the recent assassination of Kevin O'Higgins and the death of Countess Markievicz, it will have a minority in the Dail Eireann. In that event, President Cosgrave has announced his intention of calling the Dail to decide what it will do, rather than wait until October 11, the date fixed for reassembly after the government won out by a single vote margin on a vote of nonconfidence on August 16.

The political storm which led to the introduction of a motion of nonconfidence in the Dail Eireann was brought on by the decision of the 45 Fianna Fail Republicans. led by Eamon de Valera, to take the oath of allegiance and their seats in the Dail. This augmented the votes of the opposition.

6 PASSENGERS HURT WHEN TROLLEYS CRASH

After Rear-End Collision on Fourteenth Street.

on Fourteenth Street.

A rear-end collision between two southbound street cars at Fourteenth street and Rhode Island avenue northwest yesterday, resulted in injuries to six passengers, two of whom were sent to Emergency Hospital.

Mrs. Beulah Stratton, of 1717 R street northwest, was found to be suffering from an injured spine, and Annie Wilson, colored, 25 years old, of 1349 V street northwest, was treated for a broken ankle. Pasquale Tataro, 44 years old, 5103 Church street northwest; Julia Wykoff, 30 years old, 637 Decatur street northwest; W. S. Stutz, Lyon Park, Va., and Susan Jones, 417 Fifth street northeast, were treated at the hospital for bruises and shock.

The accident occurred when a car bound for Potomac Park, taking on passengers, was rammed by a navy yard car. The Potomac Park, taking on passengers, was rammed by a navy yard car. The Potomac Park car was in charge of Motorman James Hurley and Conductor Samuel Strickler, while the navy yard car was operated by Motorman Jesse T. Utz. The two cars were carrying nearly 100 passengers.

Women Are Taken to Hospital

Impersonator of Army Cap-

eran Lost in Arizona.

Phoenix, Ariz., Aug. 24 (A.P.).—Arizona sheriffs and police in coast cities were enlisted today in a search for a man who yesterday represented himself to be Lieut Charles Donglas, of the Army Air Service, and gave the Arizona Gazette a false story concerning the finding of Alfred Z. Menard shell-shocked war veteran, who is lost on the desert.

Information in the hands of Sheriff Jeff Adams, of Maricopa County, is that the imposter, garbed in an Army uniform, had on two other occasions in Phoenix represented himself to be Lieut Douglas. The latter, with Capt. C. C. Reynolds, also of the air service, has been flying about over the desert in search of the lost former soldier for several days. Menard left Glendale, Ariz., with the avowed intention of losing himself in the desert wastes.

The two army officers continued the search for Menard today.

SORE ITCHING RASH FOLLOWED BERRY-PICKING

Spread rapidly, but was checked at last and quickly healed

Carrolltown, Pa., Aug. 19:—
"One day last year after picking berries my hand began to itch very badly. I scratched it but did not bother to put anything on it. Finally the place became red and sore and began to spread all over my hand. Then I became alarmed and seeing your advertisement I sent for a sample each of your Resinol Soap and Ointment. After using these samples the relief was so great, I purchased two full size cakes of Resinol Soap and two fars of Ointment and continued their use until my hand was finally healed. I can never thank you enough for what your Resinol has done for me, and I hope that all who have skin trouble will try these products."—(Signed) Agnes Frederick, Box 17.

Begin today to use Resinol for Sunharn, Chafing, Insect Bites, etc. Ask your druggist for it.

WILL MILLIONS BE WASTED?

Mai. Gen. Jadwin, chief of engineers, has eighteen parties out in the field studying phases of the Mississippi flood-control problem. Every effort is being made by the Engineer Corps to perfect a flood control plan by October 1, as requested by President Coolidge. If this can be accomplished and if the plan should prove acceptable it is assumed that the President may call an extra session of Congress in order to expedite adoption of the plan.

The Corps of Engineers is on its mettle. Criticism of the levee system as developed by these engineers has spurred them on, and they are determined to work out a plan that will prove effective in controlling the Mississippi.

Civil engineers of first-rate ability and long experience are disposed to be skeptical on the subject of early control of the Mississippi. Some of them are convinced that at least ten years will be required in studies and assimilation of vital factors before a plan can be evolved that will insure the country against a repetition of the recent floods. They point to the immense areas to be protected, to the systems of rivers that must be placed under control, and the storage, canalization and outlet projects that must be interrelated before a general plan can be devised.

These engineers are apprehensive of too early action, rather than belated action, in attempting to control the Mississippi. They fear that the Corps of Engineers will be so intent upon presenting a plan to Congress next December that absolutely necessary preliminary work will be neglected, with consequent failure to achieve the great object after millions of dollars have been expended. The public demand for flood control is likely to result in hasty action by Congress, in their

In this connection it is noted that movements are already on foot in various parts of the Mississippi Valley to organize blocs of representatives in Congress for the purpose of forcing through sectional projects along with the Mississippi flood-control project. Logrolling on an unprecedented scale seems to be in sight. Many States are interested in ets having little or nothing to do with Mississippi River control, and they are determined to secure adoption of their projects as the price of their support of the Mississippi project. If these blocs should form a combine evident that any plan sponsored by the Copps of Engineers and approved by the Presiwould be speedily adopted, and any op position based upon a plea for more thorough study would be thrust aside.

When it is remembered that the plans for building the Panama Canal were revised several times, over many years, and that Mississippl flood control is equivalent to the buildng of three or four Panama Canals, it does to the layman that the Corps of Engineers is ambitious indeed in striving to present . thoroughly digested plan after less than six months' study.

WORLD WAR PICTURES.

Members of the American Legion on their way to France will be treated to their first glimpse of motion pictures taken during the World War by the Signal Corps of the Army. Through an arrangement between the War Department and the Eastman Kodak Co., every steamship bearing legionnaires to France will be provided with a film entitled "America Goes Over," in which scenes will appear showing war preparations, drilling, transport of troops under convoy, battles with submarines, the landing in France, the march to the front and all the phases of battles in which American troops participated. No doubt many of the veterans will see their own forms in these pictures.

The Signal Corps camera men took more than 2,000,000 feet of motion pictures during the war. Many photographers lost their lives in taking these pictures. The War Department has not exhibited the films in their entirety. and the novel method adopted by the Eastman company enables the veterans to see the pictures for the first time. The Eastman company has made a generous and most acceptable contribution to the pleasure of the Second A. E. F. in its excursion to the battle fields of ten years

CUTTING A SMALL MELON.

Twenty-four years ago the residents of Chaffee, a small hamlet about 40 miles from Buffalo, N. Y., organized a vigilante society. There were 75 members in the organization, of whom 20 were active young fellows who meant business." . Up to that time horsestealing was so common in that section of the county that no owner felt sure that he would find his team in the stalls when he entered the barn for morning chores. Chaffee is in the heart of a horse-breeding country and the thieres were evidently experts in horseflesh,

for only the best were taken. After the vigilantes were organized the stealvere tireless in their search for the thief. They ran him down and caught him, but neglected to hang him as would have been the

case in Arizona or New Mexico. Instead they landed him in the penitentiary, and horsestealing ceased entirely.

Today there are still living 57 of the original members of the society. The initiation fees, which were \$1 for each, were deposited in a local bank, where compound interest at the rate of 3 per cent has been piling up. As there is no further need for vigilantes the organization will be formally disbanded this week and the funds divided among the survivors of the original 75 members. Each will receive \$2.42. and every one of the 57 regrets that the initiation fee was not \$100 instead of \$1.

PLENTY OF JUDGES.

The legislative committee of the New York State Bar Association has a representative in London who is carefully scanning British court methods with a view to recommending a remedy for congestion in the courts of New York City.

Because of the court congestion throughout the country appeals are constantly made to Congress and the State legislatures to increase the number of judges, on the plea that such an increase in personnel will facilitate the clearance of the docket.

Edward H. Wilson, who is the representative of the New York Bar Association now in London, finds that it is the procedure of the American courts rather than the lack of sufficient judges that is responsible for conditions. In a letter to the chairman of the committee which Mr. Wilson represents he points out that England, with a population of 38,000,-000, has less than a third of the number of judges of New York State, with only 12,000 .-000 people to serve. British judges are able to dispose of the business of the courts with none of the delays that are so manifest on this side of the water, particularly in New York.

Mr. Hall explains that in the British courts the trivial cases are weeded out and are not allowed to "clutter up the calendar with delays which too often are engineered for the purpose of forcing compromises."

It would appear that the bar association has obtained through its representative suggestions for the betterment of the practice of law on this side of the Atlantic which should materially aid the association in framing legislation for submission to the State legislature. Whether the legislature will be guided by the recommendations is open to doubt. Delays in final judgments are so profitable that "speeding up" would be blocked, if possible, by many members of the bar.

KURT ODENHEIMER.

Kurt Odenheimer, German World War veteran, started out three weeks ago to swim the Mississippi from St. Louis to New Orleans. The reason for the trip never was quite clear, except that probably the adventurer expected to obtain therefrom considerable publicity. Daily he placed behind him many miles of weary effort, finally reaching Memphis, 440 miles from his starting point.

Much else has been occupying the attention of the daily press, however, and Odenheimer discovered that he was not obtaining front-page prominence to any degree commensurate with the effort expended. In addition, he began to realize that in order to compensate for the energy expended in swimming, three square meals a day were necessary. Just as glory was lacking in the undertaking, financial veturns were not up to expectation, so Kurt decided that he would have to find a job. "I want work, and I want to learn to be a pilot," he told the officer in charge of the Government dredge fleet. "Go to it," was the reply, and Kurt is now a deckhand on the steamer Inspector.

Thus failed the boy's dream of becoming a national figure. Had he finished his swim he might have had the opportunity to strut before the vaudeville footlights, or have his likeness cast upon the silver screen. Maybe a newspaper here and there would have purchased articles on swimming bearing his signature. "Fame." lowever would have been transitory for he would have accomplished exactly nothing of any value whatsoever in swimming from St. Louis to New Orleans.

The boy has made a wise move by abandoning his dream and getting a job. He has obtained the right to watch experts engaged in their daily tasks, the right to study and to learn-to become in time an even more able pilot than the one under whom he now serves his apprenticeship. He is on solid ground, not floating on uncertainties.

ABOUT BRIDGES.

So much attention has been directed to longdistance flights since the pioneer journey of Col. Lindbergh across the Atlantic that little attention has been paid to the more prosaic subject of bridging roads on the earth's sur-

Yet within the last few months there have been opened to traffic a number of bridges across the great rivers of the country, any one of which would afford an interesting topic for newspaper readers. Besides, other bridges in course of construction will have important influences alike on the growth of suburban population and on the business of the cities Among the latter is the Arlington Memorial Bridge, the piers of which are now rising, which will add greatly to the welfare of Virginia and the Capital. Another great work of this character is the vehicular bridge between Manhattan and New Jersey just being started, which, together with the Holland tunnel to be formally opened to vehicles on October 12, will shorten the time for automobiles to enter and leave the City of Nev York by more than half an hour.

Within the last year, too, three great toll bridges have been opened to traffic One of these is the Philadelphia-Camden Bridge, which it was thought would be a heavy burden upon the States concerned in its building. yet the earnings for the first year exceeded the estimates of returns by 40 per cent. . The Bear Mountain Bridge across the Hudson reported earnings of \$515,000 in its first year, against operating and maintenance expenses of only \$60,000.

Lastly, there is the Peace Bridge connecting the City of Buffalo with Fort Erie, in Canada. This was opened to traffic June 1, and the daily average of cars using the bridge numbers 12,800, producing a gross revenue 80 per cent | natural death.

greater than was estimated. At this rate the receipts will have paid for the bridge ten years sooner than was expected. Then the tolls will be abolished.

CURRICULA OF CITY SCHOOLS.

The Federal Bureau of Education appears to be greatly worried over the failure of the school authorities in most of the cities to reorganize their schemes of elementary education in accordance with the suggestions of the bureau. Based upon conditions found to exist in 390 cities of 10,000 or more population, the conclusion is reached that "the problem of reorganizing the curricula is becoming more important as greater knowledge is gained of the needs of the individual child."

The hureau has reached the conclusion that a "curriculum prepared a few years ago no longer meets the needs of city life." This conclusion is the result of the survey conducted by W. S. Diffenbaugh, chief of the city school division of the bureau. He finds that although there is great interest in curriculum revision, not every city has made changes, except possibly by the adoption of new textbooks. Of the 390 cities that have responded to the questionnaire sent out by the bureau, only 175 have made revisions, or are in the process of making revisions of their mode of teaching.

It is doubtless true that the methods in use by Dr. Squeers at Dotheboys, Hall are unfitted for this day and generation, and the methods in vogue in the little red schoolhouses of Civil War days are obsolete even in the "deestrict" schools, but it is scarcely probable that the attempt of the Bureau of Education to bring about revision of the curricula will be effective unless some better plan shall be adopted than that which requires the careful study of the thirty-odd "year books" to which reference is made in Mr. Diffenbaugh's val-

ANGLO-AMERICAN RADIO.

Plans are in the making for the regular exchange of English and American broadcasting programs, starting some time within a year. Leadership in the project apparently is being taken by officials of the British Broadcasting Co., the chief engineer of which will arrive in New York next month to confer with officials of the National Broadcasting Co. The latter controls and operates stations WEAF and WJZ, around each of which has been built up a chain of stations extending almost from coast to coast.

Transoceanic broadcasting has taken tremendous forward strides in the recent past. No longer is it in the least unusual for European listeners to pick up programs originating in the United States, and many American radio fans operating powerful receiving stations in seaboard cities are not having great difficulty receiving programs broadcast in Europe. The fact that radio engineers are ready at this time to attempt regular exchange of programs for rebroadcasting purposes, however, was not well known, and it comes as somewhat of a surprise to know that longdistance radio program transmission has been

so finely developed Exchange of programs between two great nations will have a most wholesome effect, provided discrimination is used in making the choice. International broadcasts, as possibly no other medium, will bring peoples together. The novelty of receiving sounds cast across the ocean will not soon wear off. To the large audience which such programs are sure to command the matter that comes through the air will be more spontaneous, more human, less subject to censorship and control, than that which might be disseminated through any other medium. The mass of the people will be reached, rather than the small minority which might otherwise attempt to inform itself upon extranational characteristics and feelings. Bring peoples together, and international disagreements will be far less frequent.

NEW AIRPLANE DEVICE.

Only nineteen hours after it had been released from the factory as a finished product, a Ford plane, designed by William B. Stout, s flown by him from Detroit to a New York landing field. The feat was all the more remarkable in that various difficulties were encountered along the way. The latter part of trip was made in a driving rain, and the landing was made on soggy ground. At Buffalo, scheduled as a stop, the field was found unlighted through a misunderstanding, but the plane was landed safely in total darkness.

Early in the week, a device was demon strated at a Pennsylvania flying field, which actuated only by the vibrations of an airplane motor 1,000 feet in the air, automatically threw a switch which turned on all the field lighting equipment. The ear of the mechanism was a loud speaker which, working in reverse order, receiving rather than transmitting impulses picked up the sound of the approaching plane and transformed it through a series of relays into the power necessary to throw the switch. Had the Buffalo field been equipped with such a device, the pilot of the Ford plane would not have had to take the risks attending a "blind'

The automatic switch undoubtedly will be of great value in the airport development program now sweeping the country. Large fields, in populous centers, will have small need of such a device. Upon small fields, however, in which night landings are not frequent, and particularly emergeacy landing places, such equipment would be invaluable. When the device is perfected to the point where it will never fail to function upon the approach of a plane, blind landings will become things of the past, thereby doing away with the necessity for keeping a land force on duty during the entire 24 hours, and avoiding the waste of power necessary to keep powerful flood lights burning throughout the hours of darkness.

Enthusiasm Is Abnormal

= By ROBERT QUILLEN ==

A devil. As a matter of fact, a surprising number of those in "Who's Lane," Defense Highway. Who" are preachers' sons, but this may be explained by the fact that a August 14, we had a very heavy rainman of some mental development, having chosen a mate of his own atorm and I came over the Defense kind, will have intelligent sons. Preachers' sons are, as a matter of fact, somewhat less angelic than about 6 o'clock in the evening and saw

the public expects them to be.

The cause is obvious. They live in an atmosphere of piety and have that in any instance it was due to careno share in making the atmosphere. Precept and expediency require them to be something they are not. It is inevitable that the backward swing of the pendulum should make them a little wilder than other boys of the community.

A similar reaction occurs in the matter of patriotism. A man will by nature love his cottage, his garden, his fields. That is, in large measure, cars to pass and when this is done it pride of possession.

But he does not actively and passionately love his country as a wholethe distant cities and deserts and mountains he never has seen; nor onally cross the road. If the rear end does he love the polyglot races that inhabit his country. He simply can't do it.

When war comes, with its insinuating and incendiary propaganda, he works up a fine frenzy of hatred for the enemy, whom he never has seen, and an equal frenzy of love for his own country, which he never

This is a wholly unnatural swinging of the pendulum, and the reaction is inevitable. No man can long continue in a state of frenzy and retain its front end into a Cadillac coming

When the bigs guns are still and the army comes home the man feels | Chevrolet off the road and into the that a fever has left him. His "dope" has been taken from him. He ditch, laying like a dead beetle. Just feels empty. And his inevitable reaction operates to take off the heads a short distance further I saw a Chevof those who lathered him and led him into war. Whoever heard of a off the highway, throwing its front end

It is so in the matter of love. The quality men call love is a frenzy, not a natural state. It is a far swinging of the pendulum. After a little while the reaction comes. Perhaps it takes the form of

hate, disgust or apathy. The happily married are those who survive or escape this and live to see the pendulum rest in neutral—a lasting and natural friendship and car had slipped off the coping, throwing comradeship.

Competition is not only the life of business but has been known to add an active spirit to lovemaking.

He thought it was Opportunity knocking but upon investigation found Temptation waiting for him and was pleased.

When men of three nations come out of a disarmament conference without agreeing or quarreling the world is getting better.

Member of Prominent Family in Georgia Shot While in

RETURNING FROM TRIP

Jessup, Ga., Aug. 24 (A.P.).-Conlicting statements as to whether Earnest Dyal, prominent young McRae ed when he was shot to death, marked today's development in the investigation of the fatal shooting. Dyal and his bride, the former Ruth \$1,204,023. death, marked today's development in the investigation of the fatal shooting. Finlayson, of Cheraw, S. C., were returning to their home last night from turning to their home last night from a seaside holiday when the young man was slain by W. B. Aycock, chief of the Wayne County Police, on a highway sveral miles south of here.

Aycock, who is in jail on a murder charge pending a preliminary hearing.

way sverai mises south of here.
Aycock, who is in jail on a murder charge pending a preliminary hearing, claimed that he had shot Dyal in self-defense. He turned over to Sheriff J. O. Mattox a pistol he said the victim had flourished when accosted. His story was corroborated by J. W. Kemp, special agent of the Atlantic Coast Line Railroad, who was with Aycock at the time. Kemp also is held on a charge of murder.

Mrs. Dyal, who was prostrated over the shooting, was reported improved today, but had nothing to add to her statement that her husband was not armed. Mrs. A. H. Nunn, who witnessed the shooting from her home nearby, said she did not see Dyal with a weapon.

Speriff Mettey said seaveh of Dyalie. STUDEBAKER

Stunt Flier's Trial

The court-martial of Lieut. (junior grade) Thomas B Williamson naval aviator, charged with violation of Navy aviator, charged with violation of Navy and Commerce Department flying regulations by low flying over Sixteenth street and Mount Pleasant section July 24, will open tomorrow morning at 10 o'clock at the navy yard.

It was explained last night, by members of the court that under regulations, sessions will be open unless for some unknown reason its members vote to close them. Capt. H. N. Porter, Marine Corps, has succeeded Second Lieut. John G. Walraven, Marine Corps, as trial judge advocate.

WALL STREET GOSSIP

New York, Aug. 24 (A.P.).—The financial and business situation justifies greater confidence than ever, in the opinion of Louis G. Kaufman, president of Chatham Phoenix National Bank & Trust Co., and a director of General Motors. "You will see business turn upward without doubt. It has already turned upward. There is nothing else for it to do. All the fundamental factors required to sustain a steady improvement and enhancement of national wealth are here, and in greater force than ever."

Directors of Pan-American Petroleum & Transport Co. transacted only routine business at their meeting today. Dividend action will be taken about September 10.

Copper Exporters, Inc., reduced European Copper to 13½ cents a pound, c. 1. f. Hamburg, Havre and London, from 13.65 cents. Foreign sales show improvement and better inquiry.

Standard Milling Co. and subsidiaries earned \$11.07 a share on the common stock, after preferred dividends, in the year ended June 30. Net profit was \$1,772,752. The previous report covered ten months, ended June 30, 1926, and showed net profit of \$1,242,815, or \$7.34 a share on the common.

Iron Trade Review says finished steel is thought to have passed the midsummer low early in July, but contraction in the last week has been so sharp that virtually all the improvement since then has been surrendered. Small consumers of steel are fair buyers for the season, but tonnage outlets, excepting for structural steel, appear to have dried up. Automotive specifications are a quarter lower than expected.

Surplus of the Public Service Corporation of New Jersey for the year ended July 31 was \$12,983,598 after charges, against \$13,148,939 the year before.

July net operating income of the Nor-folk Southern dropped \$93,77 from \$134,917 in July last year, but was slightly larger for the seven months this year, \$1,101,700 against \$1,081,060 in the same period of 1926.

000,000, including the proportion of Lago profits. Accounts of the Lago companies for the half year will be ready in two weeks.

Pittsburgh dispatches say demand for coal has increased steadily during the last few weeks. Prices are 20 to 50 cents a ton higher.

A bondholders' protective committee has been organized at request of owners of a large amount of the Penn Steel Castings Co first 7 per cent sinking fund 15-year gold mortgage bonds, after default in the interest. Bondholders have requested to deposit their bonds with the Bank of North America & Trust Co., Philadelphia, under an agreement with the committee and the depository.

George W. Davison, president of the Central Union Trust Co., was appointed chairman of the Servel organization committee today. Others on the committee include Nicholas F. Brady, Albert H. Wiggin, chairman of the Chase National Bank; Charles M. Kittle, president of Sears Roebuck & Co., and Murray E. Coggeshall. Methods of carrying on business during the receivership and future prospects were discussed. Applications in excess of the \$3,000,000 which is to be underwritten under the plan, were rejected.

LIVE STOCK MARKETS.

Chicago. Aug. 24 (A.P.).—(United States Department of Agriculture).—
CATTILE—Receipts, 10,000; generally steady to strong trade; lower grade native steers closed weak; choice yearlings and light steers strong to higher; best heavies, 14.65; medium weights, 14.00; yearlings, 13.85; most fed steers, 14.20; yearlings to better advantage than grassy natives; she stock generally steady; Western grass cows up to 9.25; most natives, 6.00@7.50; two-way market on bulls; best strong to higher; vealers, 50 cents lower.
HOGS—Receipte, 15,000; closed active 10 to 15 cents higher than yeardy average; spot up more on finished butchers; 240 to 270 pound pigs practically unsalable; light weight lacking finish, exceptionally slow, on catchas-catch-can basis; top, 10.80; bulk desirable 160 to 200 pounds average, 10.80 (280 to 300 pounds, 9.00@8.60; bulk desirable 160 to 200 pounds erage, 10.80; bulk desirable 160 to 200 pounds erage, 10.80; 280 to 300 pounds, 9.00@8.60; beavier light weight lacking sows, 7.76.08.15; lightweights packing sows, 7.76.08.15; lightweights desirable 160 to 800; cents lower; shippers took 6,000; estimated holdover, 7.000; SHEEP—Receipts, 22,000; fat lambs

Eastern price competition breaking into what has always been an exclusive Chicago mill territory, has brought prices of shapes and plates to 1.90 cents a pound on round tonnages, where 2 cents previously prevailed, Daily Metal Trade reports.

Canada produced 454,710 tons of pig from in the first seven months this year against 438,096 a year ago.

July net operating income of the Reading Co. declined to \$809,590 from \$1,688,567, and for seven months this year to \$9,180,687 from \$11,069,431 in the same period of 1926.

F. H. Wickett, chairman of Pan-American Petroleum & Transport, reports that net profits of the company and subsidiaries, excluding the Lago companies, for the first holf of 1927, aggregated \$9,023,324 after all charges, and, it is estimated, will exceed \$11,-

Prohibition enforcement is not expected to take up any of the President's message. Assistant Secretary of the Treasury Lowman, the new prohibition generalissimo, is understoond to have nothing in his mind except some minor changes in existing things.

Congressional sanction will be sought for the Labor Department's action in putting in the ticket system to deal with Canadians who live in Canada and work in border American cities. Under this system identification cards are issued to foreign-born Canadian citizens in contravention of present immigration laws, but such a situation developed that something had to be done.

Getting back to tax reduction, it is

the Treasury Lowman, the new prohibition generalissimo, is understoond to have nothing in his mind except some minor changes in existing things.

Congressional sanction will be sought for the Labor Department's action in putting in the ticket system to deal with Canadians who live in Canadian will be sought and work in border American cities. Under this system identification cards are issued to foreign-born Canadian citizens in contravention of present immigration laws, but such a situation developed that something had to be done.

Getting back to tax reduction, it is hard for this writer to see, if the figures recently made public by Budget Director Lord hold true, how a reduction of more than \$150,000,000 at the most can be effected unless a deficit is incurred. The estimated surplus for the fiscal year ending June 30, 1929, is only \$214,000,000. The Treasury usually likes to have a working margin of \$100,000,000. The Treasury usually likes to have a working margin of \$100,000,000. The Treasury usually likes to have a working margin of \$100,000,000. THE PRIVATE LIFE OF HELEN OF TROY

By JOHN ERSKINE

CHAPTER III.

T'VE come to say goodby, father.
Orestes and I start tomorrow."
"I'm sorry, Hermione—I don't
want to lose you. And going off with

father! You'll understand him better, perhaps, some day."
"Well, you know what I think of it all," said Menelaos. "You'll probably well, you know what I think of it all," said Meneisos. "You'll probably starve, or you would if you hadn't something to fall back on besides your husband. I've asked Eteoneus to put together some food and some treasure;

"Father, are you getting mixed in your figures of speech, or do you really expect me to duplicate mother's career? Not even Orestes thinks I have the equipment. Since he saw mother, he

"But he hasn't seen her since he was

a baby!"
"He saw her two days ago—had a very satisfactory talk with her. That's awfully fine when you come to think of it; his mother was her sister, yet she

all," said Menelaos. "You'll probably starve, or you would if you hadn't something to fall back on besides your husband. I've asked Eteoneus to put together some food and some treasure; one of the men will carry it wherever you tell him to."

"Thank you, father, but I can't take it. Unless you have changed your mind and will receive Orestes."

"I'll never speak to him!" said Menelaos.

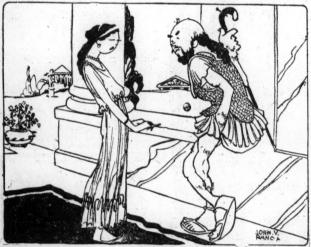

"You see why I can't take it. Goodby, father."

"You can do this at least," said Menelaos. "If ever you are in serious trouble, let me know. There's no point in your going without when your mother and I have plenty."

"You'll never hear from me again," said Hermione. "Of course, you think I am speaking for Orestes, but really it's for you. Orestes and I are going on a journey, and whether or not you appreciate him is only a matter of sentiment with me. But I'd like to feel that you and mother were entirely happy again—my wown happiness makes me wish that for mother—and I begin to see that the chief obstacle is your lack of—"

"You know very well what I mean; unless you treat Orestes like a normal wonless you treat Orestes like a criminal, I

unless you treat Orestes like a normal is happy with me? Don't worry.

South Declarer: Contract Spades. The cards played to the first trick were: West led King of Clubs; North played Four of Clubs; East Six of Clubs; South Ace of Clubs.

My answer slip names the four cards any answer sip names the four cards that should be played to the second trick as follows: South should lead King of Hearts; West play Four of Hearts; North Ace of Hearts; East Deuce

My reasons are: When Declarer wins

Beauty and You By VIOLA PARI:

IS SHE A LADY? IS SHE A LADY?

In the application of cosmetics, the smart way is to simulate Nature—let make-up (as well as defects in the skin) be as inconspicuous as possible. Smart clothes are the very essence of simplicity in appearance. Therefore, when one has a chance to observe a woman who has outwardly obeyed all the commandments of the mode, but one does not speak with her, how would one answer the question which heads this column?

This is how I should do it. First of all, I should look at her heels. Well, they are perfectly straight, nor at all mud-bespattered; she steps as though she were used to their delicate slimness, and the leather is clean and polished; 100 per cent on the first exam-

ness, and the leather is clean and pol-ished; 100 per cent on the first exam-ination! But—just above! There are two solied spots over the ankles on the outside of her fashionable light-colored stockings which prove that this is their second day of service without washing —a tremendous discount off that first excellent impression.

Mitzi Is Delayed

Wives of Tomorrow

By FRANCES M'DONALD

A Young Mother Explains.

A Young Mother Explains.

This they say is the age of jazz and blatancy. The age that will go down in history as the age of mad pleasure seeking; of night life; of emptiness; of shallow living; sham gayety; "gin and sin."

This being so we offer the letter that it offices, and we wonder if the chroniclers of this age of ours will record that we did have love, and tiny homes that sheltered it, and prized it.

Read "Young Mother's" letter. Simple as a child's prayer at night—yet packed with philosophy of which its packed with philosophy of which its packed with philosophy of which its offices and we wonder if the sand per years and not a penny in the bank. But I am happy in trying to please my baby. She wants for nothing. I go without to give to her, and am really happy doing it. "Uncertain's letter? I read young mother, too, but I have a beaufful little girl 2 years old. We have no immediate future either, but we are happy in trying hard to give baby the things she needs.

My husband earns very little, and we find it difficult to get along. We have also have happiness with our baby. Can any one ask for more? I have no clothes to speak of, and we have very little recreation, but do we lament? No, we have our baby, and we wouldn't part with her for all the money in this world. I do think that if "Uncertain" would become a mother that her hus-

and so when Old Trouble comes frown

ing
And it's my time to struggle, I say:
"Well, you've had your share of the blue
skies and fair,
So don't be a whiner today."

On numberless mornings I've chuckled, On numberless nights I've been gay; I've played and I've sung with a jest on my tongue
And danced a good part of the way;
And so when the playtime is ended,

When it's my turn to stand up to care,
I say, "Well, you've had many pleasures,
my lad,

Oh, I have been favored by fortune,
And many a game have I won
Just because on that day all the luck
came my way
And my rival was favored by none.
So whenever the fates seem agair 'me,
When nothing will go as I'd choose,
I say, "It's all right, you can't win every
fight."

Try hard, but don't whine if you

HOW TO KEEP WELL

To the limit of space, questions per-inent to hygiene and prevention of disease will be answered in this column. Personal replies will be made to in-quiries, under proper limitations, when return stamped envelope is inclosed. Dr. Evans will not make diagnosis or prescribe for individual disease. FACTS ON PARESIS.

W. A. WRITES: Is there a cure

for paresis? Kindly publish an article on this dreadful disease of men and women, giving indications and treatment.

dications and treatment.

REPLY.

I have three letters in the same mail asking for an article on paresis. L. H. and Mrs. C. S. may regard this as an answer to their letters. Yours is the briefest and, therefore, it is selected.

Paresis is the name used for a form of insanity which is due to syphilis. Although in some cases of paresis it is not possible to establish proof that there was ever a syphilitc infection, no cause for paresis other than syphilis has been established.

The name "paresis" is not a good one. It carries the idea of paralysis. The word is derived from a word mean-

The word is derived from a word meaning "weakness," but the general associations of our time relate to paralysis. The person with paresis is not paralyzed. In fact, he does not develop marked muscle weakness will late at marked muscle weakness until late in the disease. The term is all right for the specialist in insanity and even for family and friends it is misleading.

The first symptom of paresis which
the business appoints.

The first symptom of paresis which the business associates and family notices is generally a loss of judgment. The man hitherto of good judgment. The man hitherto of good judgment. The break in judgment is very apt to relate to figures and especially to money. "Money and Mathematics" is the combined field of many break-downs in judgment. The individual is very apt to become fearless and devoid of caution. His errors belong in the field of delusions of grandeur. He is a dangerous man for any position of responsibility. Some cases, on the other hand, begin with a change of personality toward the side of despondency.

personanty consenses with general paresis are not dangerous with any way except to business and responsibilities. They are happy and harm-

bilities. They are happy and harmless.

The length of time the disturbance
lasts is generally given as four to six
years, but of course there are many
exceptions in both directions.

The malarial treatment, followed by
tryparsemid, or some similar preparation, is giving very good results. A
considerable portion of those who take
this treatment are able to return to
their homes, and to go back to work.
They fit into the social life of the
community and of the home reasonably well and they work satisfactorily
so long as they are kept at jobs which so long as they are kept at jobs which do not depend much on judgment and ability to figure. However, it is not possible to say whether any of them have been cured in the sense that no evidence of the disease remained and

ARTCRAFT SHOES 1311 F ST.

ten to twenty years after the primary infection with syphilis.

The Illinois Health Department classifies general paresis as a class B syphilitic disease, meaning thereby that though it is caused by syphilis, it is not infective. The person with general paresis can not infect any one with syphilis. SECOND TEETH BEHIND TIME.

SECOND TEETH BEHIND TIME.

M. H. L. writes: Seven months have elapsed since my little boy's two front upper teeth dropped out, and still there is no sign of the second teeth appearing. He is 7½ years old and unusually robust and healthy. Would lime water be of assistance in hurrying up these teeth, and in what quantities and how should I give it to him?

A diet that is rich in milk and cereals would be just as likely to help, or more so. There are reports in medical journals of cases of delayd teething in which a small daily dose of thyroid has started the ball. You should talk with your physician about this. Thyroid is rather too powerful to take chances with except under guidance.

DRINK MORE BUTTERMILK. T. S. R. writes: Is buttermilk good to drink for one who has rheumatism? drink a quart a week.

REPLY.
Yes. While it is in no sehse a specific, it is a good wholesome food and that you need.
Why drink so little?
I once had a patient who took a large jug of buttermilk to the field with him

that there will be no relapse. Jug of buttermilk to the Kraepelin says paresis follows about every day, and drank it.

How Many Can You Answer?

Each question counts ten. If you answer eight correctly, your intelligence rating is 80 per cent. Actual tests reveal that eight out of ten correct is college standard, six out of ten correct is high school standard, four out of ten correct is grammar school standard, less than four correct is uneducated standard.

1. What is the capital of Tennessee?

2. In modern speech, what is a Lilliputian?3. Within 200,000 what is the estimated 1926 population of Los Angeles? Where is Fort Riley?

5. Was John Overton of Yale a notorious card sharp, a cele-

brated polo star, a noted runner, or a major league baseball star?
6. In what State is Watkins Glen? 7. What armies contested the battle of Crecy? 8. In what city are the greatest slaughter houses and meat

packing plants in America? 9. Is Scandinavian stock particularly predominant in Maine. Texas, Ohio or Minnesota?

10. What is the capital of the Republic of Cuba?

The Dog As a Protector

By ROBERT S. LEMMON.

The matter of a dog's physical strength deserves a deal more thought than is ordinarily given to it, especially in its relation to the public. One frequently sees powerful numannerly dogs on the street in charge of people entirely incapable of managing them by either voice or hand, and the result is an actual public menace. I am not blaming the dogs for this, for, although only a fool would idealize canine nature to the point of asserting that it is never at fault, the owners of these animals are the ones to blame in the majority of cases. No one has a right to take out in public a dog that cannot be safely controlled by command or strength of arm.

As far as bodily protection is concerned, honors are about equal between the giants and the medium-sized class. Some of the large fellows are excellent actual guards, and all of them have a salutary effect on evildoer just because of their size. An Irish, Bullor Scottish Terrier—on the other hand, can and will furnish an adequate protection as is likely to be needed.

In considering the question of a dog for protecting the house against burglars and the like, one should first

er than most and the ribbon trimming spirals and the crown.

Hats are so different that Mitzi will not rest

This other hat with the odd-treatment to the brim must be tried. The brim is slightly longer over one eye than the other. The crown has a soft fold. It was the brim that did it, really. It was the brim that made her late, because she

IN LAST HOUR'S TRADING

More Than Score of Stocks at Year's New Highs: Motors Are Strong.

RAILS TAKE BACK SEAT

Special to The Washington Post.

New York, Aug. 24—Although the stock market was highly irregular at times today, prices were generally higher at the close, the net gains extending to 6 points and covering a wide list of representative issues. Not only were some of the recent laggards brought into line, but many of the leaders in the final hour made an impressive showing, General Motors and several others being twirled into new high ground. The market was active throughout the session, the turnover again being well over the 2,000,000 share mark. Special to The Washington Post.

again being well over the 2,000,000 share mark.

There was very little news likely to have a bearing on the market, easy money continuing to hold its place as the most bullish factor. None of the rates was changed, call money still lending at 3½ per cent, but the outside supply of funds at 3½ per cent was the largest of the week and the tone of the whole credit market was easier.

Some analysts were inclined to give Some analysts were inclined to give the car loading figures for the week ending August 13, credit for the new buying power, but it is doubtful if these figures, which showed an increase over the previous week, but a decline from the corresponding week of the same period of 1926, had more than a mild influence on market sentiment.

The recovery in stocks has been rather sharp, and some profit taking developed on the theory that the technical position was becoming dangerous-

timent.

The recovery in stocks has been rather sharp, and some profit taking developed on the theory that the technical position was becoming dangerously weak. However, the leading issues ly weak. However, the leading issues were well supported and usually turned upward after each selling onslaught. More than a score stocks made new highs for the year, the list including Baldwin, American Machine Foundry, General Motors, Durham Hosiery, Electric Power and Light, Postum, Pressed Steel Car, McCrory preferred, Packard, Pullman new, Gotham Hosiey new, Utah Copper, Vulcan Detinning, American Steel Foundry, Bethlehem Steel, Brown Shoe, Childs Company, Chrysler, du Pont, Commonwalth Power, Electric Autolite, Engineering Public Service, Great Western Sugar, S. H. Kress, Mackey, Midland Steel prior preferred, Nash Motors, Nevada Consolidated, Sears Roebuck, U. S. Realty, Wright Aero and others. United States Steel touched its previous high in active early trading, then eased off to close almost a point below yesterday's last prices. The independent steels for the most part closed in the minus column. Little change in the steel situation was noted by the weekly trade reviews. It looks as though August output would be about on a par with July. Buying is were well supported and usually turned

change in the steel situation was noted by the weekly trade reviews. It looks as though August output would be about on a par with July. Buying is steady but the expected increase in demand has not materialized.

Railroad stocks figured to a considerable extent in the early market today but later took a back seat when aggressive buying appeared among the industrials. Delaware & Hudson, Atchison, Rock Island, Southern Railway, Southern Pacific, Nickel Plate, Chesapeake & Ohio, Illinois Central and a few others scored moderate gains on the day, Only the regular dividends were declared at the meeting of the Rock Island board and announcement was made of a \$40,000,000 bond issue which had been forecast a few days ago. Coincident with the news the stock railied sharply, but later lost much of its gain.

After merely holding its own for some time, General Motors seemed to have overcome opposition, and in the last hour moved up, briskly, for a net gain of \$5-8 points, closing at 239, a new high for all time. Other motors were strong.

strong.

Other groups which made good showings were the utilities, tobacco, copper, sulphur and sugar shares. Texas Land Trust old was 175 points higher on a Strength in Baldwin developed coincident with the report that representa

ives of the Cutten and Fisher interest

would be placed on the board at a meeting tomorrow.

There was no specific development to explain the strength in Nash and Mack Truck stock, but the buying was reported to have emanated largely from the direction of Boston and was said to be for so-called "insiders."

Traders looked with more favor on the sugar stocks as an outcome of the improvement which has taken place in the raw market in the last few days. Heavy demand for Packard Motor made that stock the feature of the low priced automobile group, carrying it to new high levels. Frequently this company has been mentioned as involved in merger with other companies, but such rumors apparently have lacked the statement of the companies of the latter of the low priced automobile group carrying it to new high levels. Frequently this company has been mentioned as involved in merger with other companies, but such rumors apparently have lacked merger with other companies, but such rumors apparently have lacked foundation. But the story today was that Packard probably would benefit in no small way from the determination of the administration to build up the country's military and naval air service. This influence also was instrumental in sending Wright Aeroplane stock up for a gain of 6 points net.

\$40,000,000

The Chicago, Rock Island and Pacific Railway Company

Secured 41/2% Gold Bonds, Series A due September 1, 1952

Series A Bonds limited to \$40,000,000.

Interest payable March 1 and September 1. Principal and interest payable in New York City in United States gold coin. Coupon Bonds in denominations of \$1,000 and \$500, with privilege of registration as provided in the Trust Indenture. The Company reserves the right to call these Bonds as a whole for redemption, upon sixty days' previous notice, on September 1, 1932 or any interest date thereafter, at 1021/2% up to and including September 1, 1947 and thereafter at par plus 1/2% for each six months between the date of redemption and the date of maturity.

J. E. Gorman, Esq., President of The Chicago, Rock Island and Pacific Railway Company, in a letter dated August 24, 1927, writes in part as follows:

The \$40,000,000 Secured 41/% Gold Bonds, Series A due September 1, 1952, will be the direct obligation of The Chicago, Rock Island and Pacific Railway Company and will be specifically secured by pledge, under a Trust Indenture to The National City Bank of New York, Trustee, of \$45,000,000 The Chicago, Rock Island and Pacific Railway Company First and Refunding Mortgage 4% Gold Bonds due April 1, 1934. The Trust Indenture will contain provisions in effect as follows: (a) that neither the First and Refunding Bonds nor any Bonds prior in lien thereto will be extended; (b) that upon maturity of the First and Refunding Bonds, the Railway Company (or the successor Company, in the event of consolidation) will create a new mortgage, in place of the First and Refunding Mortgage, upon all the properties then subject thereto and will secure the Series A Bonds, and any other Bonds issued under the Trust Indenture, by the new mortgage equally and ratably with any Bonds which may be issued thereunder, and (c) that the total amount of Bonds to be at any time secured by the new mortgage (together with be at any time secured by the new mortgage (together with all outstanding prior debts, after deducting Bonds reserved to retire prior debts) shall not exceed three times the then outstanding capital stock of the Railway Company or its

successor.

Series A Bonds will be limited to \$40,000,000 principal amount and no additional Bonds may be issued secured by the collateral pledged for Series A Bonds. As provided in the Trust Indenture, additional series of Bonds may be issued for a principal amount not to exceed in the aggregate \$40,000,000, with such provisions as to interest, maturity and redemption and against the deposit of such collateral, as may be determined by the Directors of the Railway Company.

Railway Company.

The Mortgage securing the First and Refunding Bonds is, directly or through pledge of first mortgage bonds, a first lien on about 1,276 miles of road, including the line from St. Louis to Kańsas City and important mileage in Texas, Oklahoma and New Mexico, and a second lien on about 4,541 miles of road; the Mortgage is also a first lien on the entire capital stock of, and on the 999-year leasehold interest in the properties of Choctaw, Oklahoma and Gulf Railroad Company with about 943 miles of road. The Bonds are thus secured on a total of about 6,760 miles of road. The First and Refunding Mortgage is also a first lien on

terminal properties in St. Paul, Minneapolis and Kansas City, and on shops at Silvis, near East Moline, Illinois. Of the total amount of First and Refunding Bonds (limited to \$163,000,000), \$104,472,000 Bonds are outstanding in the hands of the public. Including Bonds to be pledged for the present issue, the First and Refunding Mortgage Bonds, together with \$81,516,000 prior lien Bonds in the hands of the public (the amount of which can not be increased), will be outstanding at the rate of only about \$34,200 per mile of road.

about \$34,200 per mile of road.

The Rock Island System, with lines in fourteen states, operates a total of 8,031 miles of road. The properties are in excellent physical condition. During the last ten years expenditures for improvements and new equipment, after deducting the cost of property retired, have amounted to approximately \$80,000,000. The tentative valuation by the Interstate Commerce Commission as of June 30, 1915, with the addition of expenditures made on the property since that date, exceeds by about 50% the total funded debt to be outstanding on completion of this financing.

The Railway Company has outstanding \$29,422,189 7% Preferred Stock and \$25,127,300 6% Preferred Stock, issued in 1917, on which full dividends have been paid regularly, and \$74,482,522 Common Stock, on which dividends at the rate of 5% per annum are now being paid; the value of the outstanding capital stock, on the basis of present market prices, is about \$140,000,000.

\$140,000,000.

The total income for the year ended December 31, 1926, after all deductions, except interest and Federal income taxes, was \$24,531,711, or over twice the total annual interest charges (\$11,708,313) on the funded debt to be outstanding, after giving effect to this financing. For the six months ended June 30, 1927, such total income was \$2,859,495 greater than for the same period last year.

Proceeds of these Bonds will be used to pay \$28,862,000 Notes to be presently called spirit \$7,862,000 6% Note to the United States Government, did in \$1930, \$15,000,000 5% Notes, due in 1929, and \$6,000,000 \$3.5% Notes, due in 1929, and \$6,000,000 \$3.5% Notes, due in 1929, and \$6,000,000 \$3.5% Notes, due in 1929, and so the provide for additions and betterments.

Application will be made to list these Bonds on the New York Stock Exchange.

The issuance and sale of these Bonds are subject to the approval of the Interstate Commerce Commission and to the approval by the stockholders of the Company of the Trust Indenture referred to above. All proceedings in connection with the issuance of these Bonds are subject to the approval of our counsel, Messrs. Cadwalader, Wickersham & Taft.

We offer the above Bonds for subscription, if, as and when issued and received by us, at

95% and accrued interest, to yield about 4.85%.

We reserve the right to close the subscription at any time without notice, to reject any application and to allot a smaller amount ti applied for. Amounts due on allotment will be payable at the office of Speyer & Co., 24 & 26 Pine Street, in New York fur on or about September 15, 1927, as called for, against delivery of Interim Receipts exchangeable for Temporary Bonds when rea

DIVIDENDS DECLARED.

New York, Aug. 24 (A.P.) —New common stock of the Great Western Sugar Co. today was placed on an annual dividend basis of \$2.80 a share, with an initial quarterly disbursement of 70 cents. The regular quarterly of \$1.75 on the preferred was declared. Both as payable October 2 to stock of record September 15.

Directors of the St. Louis, San Francisco Railway today declared an extra dividend of 25 cents a share on the common stock, in addition to the regular quarterly of \$1.75, both payable October 1 to holders of record September 9.

Semiannual interest of 3 per cent on the adjustment bonds and annual interest of 6 per cent on the income bonds also were declared, payable October 1. During the fiscal year ended June 30, balance available for interest on adjustment bonds was \$11,893,579, or nearly five times the interest.

VON ELM BEATEN AS GOLF FIELD NARROWS TO 8; NATS LOSE 8TH STRAIGHT, DROP TO 4TH PLACE

To Miller of Cleveland

Southpaw Allows But 4 Hits in Scoring 7-1 Victory.

Thurston, VanAlstyne and Braxton Pounded by Indians.

By FRANK H. YOUNG (Staff Correspondent of The Post.)

CLEVELAND, Aug. 24.—The Nationals limped into Cleveland today on their tour of the West and absorbed their eighth consecutive defeat. The Cleveland Indians won the game, 7 to 1, and the Nationals, who were riding high in second place when they embarked on their ill-fated expedition through this half of the circuit, are now riding low in fourth place as a result of Philadelphia's defeat of St. Louis.

Failure to solve the offerings of Waiter Miller, Cleveland southpaw, while the Indians were making free with the pitching of Hollis Thurston, Carland Braxton and Clayton Van Alstyne, sent the Nationals down to

The Indians not only were able to cluster their 11 hits, but they pound-ed the cover off the ball to the extent of seven doubles and a home run over the right field wall—this by "Homer" Summa. Half of the Nats' quota of 4 hits came in the third inning and were wasted while the other two prevented a shutout in the seventh.

The Indians rang the bell four times in the first three innings, starting business with two out in the opening frame when successive doubles by Summa and Burns net-

In the second stanza, two more runs were added to the Cleveland total. Miter Thurston had disposed of L. sewell, Elchrodt bounced a double off the center field wall. Lutzke coaxed a pass, and Miller then scored the pair on a two-base knock to right

the time this inning ended. Harris By the time this inning ended, Harris was convinced that today was not Thurston's day and Garland Braxton took the hill starting the third. Summa crashed the southpaw's first offering for a home hun over the right field fence and then Braxton managed to put on the brakes. He retired the tribe in order in the next two frames and granted Luke Sewell a wasted double in the sixth.

Meanwhile the Nationals had been practically helpless before Walter Mil-

meanwhile the Nationals had been citically helpless before Waiter Mil-Just before retiring, in the sec-inning, Thurston singled cleanly center and Rice followed with a atchy affair off Fonseca's glove and se were the only Washington safe-s in the first six frames.

The Harrismen finally broke into the scoring column in the seventh, CONTINUED ON PAGE 15, COLUMN 8

Heavyweight Champion Confines Training to Romp Through Adirondacks' Bosky Dells-What Will His Backers Think?

By WESTBROOK PEGLER

PECULATOR, N. Y., Aug. 24.—Not content with the wide-open spaces of Speculator, which is no seething metropolis at any time, Gene Tunney went out looking for wider and more open spaces today, to the total neglect of such formal puglistic training as shadow boxing, bag punching and the light fantistic ceremonies with the sparring partners.

was increased overnight by the arrival of the Messrs. Daniel and Leonard Hanna, of Cleveland, and this morning Tunney set out with them and Mr. Pants Lawrence, the woodland guide and occasional sheriff of these regions, for a picnic on a distant stream known learn that the good people of the Adirondeks in this day and age will permit one of nature's fair rivulets to be he sparring partners

LAZZERI HITS CUBS BEATEN HOMER WITH THEN TURN 3 ON BASE ON PHILS

Clout in 9th Checks Quakers Score 5 Runs 13-Game Streak of Detroit Club.

DETROIT, Aug. 24 (A.P.).—Detroit's thirteen-game winning streak struck a snag today when Tony Lazzeri produced his seventeenth home run of the year with the bases loaded and two down in the ninth to break a 5-all count and give the Yankees a 9-to-5 victory. Nevertheless, the Bengals' stretch of triumphs stands as the loingest in the majors this year, the Cubs having held the honor previously with twelve in a row.

Hoyt started on the mound for the Yanks and withdrew after six innings, Wilcy Moore finishing. Owen Carroll went the route for the Tigers. Harry Helimann connected safely on four times at bat.

New York had dropped four in a row were in attendance.

New York. ABHO A Detroit. ABHO A FIRST GAME.

PHILADELPHIA, Aug. 24 (A.P.).—
The Chicago Cubs ended their lost their losing streak at five in a couple of sweatshirts for the run in an attempt to shed some of the excess poundage to get himself in shape for the first whirl with the gloves next week.

Blake weakened in the ninth inning of the first by a 7-6 margin. The Phillies scored five runs when Blake weakened in the ninth inning of the first game and overcame a 6-2 handle and overcame a 6-2 handle and overcame a 6-2 handle and overcame a first game and overcame a

men to Be on Duty at Title Bout.

HICAGO, Aug. 24 (A.P.).—Jack Dempsey ripped off 5 miles of road work and went through gymnasium exercises equivalent to seven rounds of boxing in his first real workout as he settled down to the grind of training today for his world's championship match with Gene Tunney next month. Bright sunshine flooded the Lincoln Field racing plant, giving Dempsey an opportunity to hit the trail over the roads for the first time since his arrival in camp Monday. With Jerry Luvadis, his little trainer, and Gus Wilson, another camp attendant, as his companions, Dempsey disappeared in the woodland east of the track shortly after 8 o'clock, but ambled back within an hour steaming with perspiration.

The former world's titleholder.

Fig. former fourth wills conquered Mrs. Lillian Scharman Hester, of Brooklyn, former fourth in tracking star, today and advanced antonal women's tennis championship.

The California girl's triumph by scores of 6—0, 6—2 was the most impossive of a day of competition on wind-swept courts that reduced the line of the properties of the star of the service of the will be powers, Miss Helen Wils conquered Mrs. Lillian Scharman Hester, of Brooklyn, former fourth introduced antonal women's tennis championship.

The California girl's triumph by scores of 6—0, 6—2 was the most impossive of the advanced antonal women's tennis championship.

wound up with a session of calisthenics.

Dave Shade, the California middle-weight, checked into camp today, the first of the squad of boxers who will trade wallops with Dempsey.

Leo P. Flynn, Dempsey's manager, greeted Shade with a glad smile. remembering the splendid aid the Californian gave Dempsey at Sara-toga while the former champion was preparing for the Sharkey match. Shade will have no oppor-tunity to box with Dempsey until Monday, at the earliest.

Chief of Police Michael Hughes said today that 2,500 policemen would be as-signed to Soldiers Field to handle the crowd for the fight September 22. This number includes guards at the gates, traffic police and officers to patrol the

Chisox Beat Boston; Barrettt Stars Afield

Chicago, Aug. 24 (A.P.).—Chicago bunched its hits in the second and fifth innings today to defeat Boston in the series opener, 4 to 3. Barrett's one-hand stab of a long drive in the seventh inning prevented the Red Sox from tying the score. Todt smashed a home run in the ninth with none on base. Boston's other runs were second in the first and fourth.

Miss Wills had entirely too much power and pace on her shots today for Mrs. Hester, who lost seven games in a row, most of them at love, before she broke through the former champion's service in the second game of the second set.

Miss Wills played with a dash and certainty that carried her to triumph in eighteen minutes. She allowed Mrs CONTINUED ON PAGE 15, COLUMN 2.

Macks Stop Browns, 4-3; Walberg Stars

St. Louis, Mo., Aug. 24 (A.P.).—The Athletics halted the belated spurt of the St. Louis Browns at six straight wins today when Pitcher Walberg clinched his own 4 to 3 victory by hammering out a home run in the sixth inning. Walberg pitched the entire game, holding the seventh place Browns to five hits while he and his team mates bunched eight for their four runs.

He gathered himself together and won the last three holes of the round in three consecutive pars. Let the golf historians who, with

Let the golf historians who, with score cards in hand followed the match from start to finish, tell a waiting world how every shot was played. Suffice it to say that McCarthy, even though he did not win, was as proud as a king because he had carried Bobby Jones to the eighteenth green. He ought to be, but at the same time he taught Bobby a lessen.

but at the same time he taught Bobby a lesson.

This afternoon the holder of a hundred titles went forth with a determination not to stand again on the verge of defeat. He disposed of Eugene Homans, the Englewood lad who will go to Princeton next year, on the sixteenth green. One by one, says the old song, the roses fell. Today these roses, the youngsters in the golfing game who surprised themselves and everybody else by qualifying, were sniped. Only two of them, MacKenzie and the by Phillips Finlay, of Long Island, survive, while "Chick" Evans, Francis Oulmet, Harrison Johnston, Bobby Jones and Eddie Held are still in the running. Youth is not yet supreme.

th is not yet sup-th is not yet sup-th is not yet sup-th is not yet sup-th in the interest is a matches, out of Tonight Roland MacKenzie is a proud and happy law. His two nineteen-hole matches, out of which he emerged triumphantly, were literally heart-breaking struggles. Each one of them was a battle from start to finish, with the lad's courage never faitering throughout the two journeys around the long, hilly and fatiguing course.

Atlantan Hard Put to Win From McCarthy and Homans.

Ouimet, Evans, Finlay and Held Also Survive Turbulent Day.

MINNEAPOLIS, Minn., Aug. 24 (Associated Press).—Elimination of George Von Elm, the cham-pion, and an escape for a former cham-pion much too close for the comfort and peace of mind of Bobby Jones, left followers of the national amateur golf championship in a stunned condi-tion tonight as the field was reduced to

eight survivors.

The experts had expected a light touch of fever in the two eighteen-hole matches today, but they were not prepared for a stroke of paralysis

pared for a stroke of paralysis.

Harry Legg, veteran Minneapolis player, chopped off Von Elm's head on the eighteenth green to win 1-up in the second round, while Maurice McCarthy, of Long Island and Georgetown University, a golfing son of a golfing father, threw the scare of his life into Bobby Jones in the morning session.

The former champion went to the sixteenth green, one down to his young opponent, after waiting for the crack which had not appeared in six halved holes of the second nine. The collegian finally slipped and Jones won 2-up, but he admitted he was greatly perturbed during the exciting round.

Two other former champions emerged from their two rounds with victories, Chick Evans and Francis Oulmet, the latter putting out another former title holder, Max Marston.

Tomorrow in the 36-hole quarter-finals, Jones meets Jimmy Johnston. the best golfer in the Twin Cities, Evans clashes with Eddie Held; Oulmet goes against Phillips Finlay, and Roland Mackenzie opposes Harry Legg.

The chances of the three former champions repeating were somewhat involved, for Held is not regarded as a set-up for Evans, and if Jones and Oulmet win they will oppose each other in the semifinals Friday.

Jimmy Johnston, whose real name is Harrison R. Johnston, has performed unbelievable golfing chores around the Minikahda course, where the tournament is being played, and there were any number of people here today who admitted a confident belief that he can "take" the great Bobby himself.

Roland Mackenzie, Washington, and Walker cup team player, had to work harder than any of his fellows today. He won from George Thomas, Chicago railway clerk, after nineteen holes, in the morning, and had to go an extrahole in the afternoon to dispose of Dave Martin, of Los Angeles.

Legg reached the quarter-finals after downing Ruby Knepper and Von Elm. Evans defeated Elisworth Augustus, of Cleveland, and Allen Moser, of Los Angeles, while Held won from Dexter Cummings and Arthur Yates.

Ouimet's victories were scored over Billy Sixty, of Milwaukee, and Max Marston. Phillips Finlay stopped Dr. O. F. Welling and Clarke Corkran.

rice McCarthy, New York, 2 up.
Roland B. MacKenzie, Washington, D.
C., defeated George Thomas, Chicago,
he did by the control of the control

The match started in sensational style, both players getting down in birdle threes at the first hole. The second was halved at par, but Legg went one up at the third with a birdle three when Von Elm failed to get home.

WHISKERY EASY WINNER IN FEATURE AT SARATOGA

Handicap

Rip Rap Saves Third; Derby Victor Wins by 3 Lengths.

Top Weight Fails to Hinder Whitney's Star Colt.

SARATOGA, N. Y., Aug. 24 (A.P.).—
Harry Payne Whitney's Whiskery,
winer of this year's Kentucky
Derby, was an easy winner of the Huron Handicap, 13-16 miles, which featured the card today. Whiskery was
always the favorite and the public
supported him liberally, J. E. Widener's
Kiev was second, and the Sage Stable's Rip Rap third. The time was
1:592-5 and the race carried a net value
of \$3,800.

The start was poor. Whiskery broke
first, but Workman was not ready, consequently Whiskery lost considerable
ground going to the first turn. The
boy, however, never gave Whiskery a
chance to loaf. He kept working on
him for the entire trip. Whiskery was
so much the best that he ran around
the field, took command and won by
three lengths. Kiev took the place by
a length from Rip Rap.
Another' disqualification occurred
when the steward set back Bowie Clark,
which finished second in the first race.
The official placing was Ethereal first,
Iza Diva second and Roland third,
Tamiami trail, with Workman, was
caught in a Jam at the start and the
boy unseated. He was unhurt.

Ethereal jumped away to a long lead and won unextended by four lengths. Bowie Clark and La Diva fought out the place right to the end and Bowie Clark took it by a head. Roland was fourth, eight learths took

The favorite players suffered a severe setback in the steeplechase when Byng. 4 to 1, was returned the winner over the hot favorite Amber Bead with Cerulean third. Liroux bolted at the start and Deviner and Maureen Bawn resused. Amber Bead ran into a long lead and led to the final jump, but he tired suddenly in the last furlong and Byng, closing gamely, won by half a length.

a length.

Cerulean was third, four lengths back
of Amber Bead. Jockey Mack Garner
was set down for three days by the
steward for fouling in the first race,
in which his mount, Bowie Clark, was
disrubilled.

in which his heart, covered its first disqualified.

The Everglade Stable scored its first success of the meeting when Dodgson, 12 to 1, led home a good field of juveniles in the third race, a 5½-furlong sprint. He led from start to finish, and won by a length and a half. Misstep, well played, was second with Vito third.

well played favorite, had no difficulty in annexing the purse in the fifth event, a mile dash. She took the lead early, made all the pace and won by three lengths. Bonnie Khayyam was second by eight lengths over Aramada.

The B. B. Stable today sold Extreme

The last race, a 5-furlong sprint, as won by Love Girl at 7 to 1, with the Aster second and Camp Light aird. Mint Dinah, the favorite, failed

The suspension already has been in effect since the game with the Yankees at Washington August 10. Instead of sending his check, Jack plans to deliver the money personally to Johnson in Chicago Saturday.

Philene, Pottery, Bedford Dream. Prohate, Shadowdance, Royal Pearl. Thrahagar, Polly Esteption, Gampsib.

Already the other Nats are referring to the brothers as the Onslow twins, as Ed is more than 34 years of age and so is Jack.

The schedule of this Western trip calls for but five more games. Two more here and three in Chicago. Pilot Harris plans to use Tom Zachary on the hill tomorrow, with Horace Lisenbee ending the set of Friday and Irving Hadley opening the White Sox series on Saturday. McCallister is expected to use Buckeye tomorrow.

York, England, Aug. 24 (A.P.).—Lord Derby's 3-year-old, Cap-a-Pie, today won the famous Ebor Handicap, beating Lord Astor's Poet by half a length. Lord Barnby's Review Order was third. Cap-a-Pie started at odds of 100 to 7 against Poet, at 100 to 14, and Review Order at 20 to 1. The race was worth about \$6,000. Mickey Walker, world's middleweight boxing champion, who is booked to defend his title here tonight, attended this afternoon's game and acted as referee when Altrock and Schacht staged their famous boxing act, before the came

The same.

The sad experiences of the Nationals in St. Louis and Detroit seem to be getting their "goats" and many strange things are being done in the hope of changing the Earrismen's luck. Coming here on the train last night, Coach Onslow tore up a perfectly good Panama which he purchased just about the time the team's troubles started. Bob Reeves this morning bought himself a new thatch covering for the same reason, while Pilot Harris shuffled his line-up, starting Rigney at short in Reeves' place.

The latter change was made because the young infielder has not been hitting his weight in recent games. Had this plan been followed to the letter, Tris Speaker would have, been the only Washington regular in this afternoon's line-up.

George Burns, Cleveland first-sacker who last season broke Tris Speaker's record for hitting the most doubles in one season, hopes to even better his 1926 mark of 64. He brought his total to 47 today, which indicates that he will have to do considerable hustling in order to realize his ambition.

Speaking of two-baggers, all of the indians seemed to fancy this type of blow today, the first four alien hits seeing good for one extra base. These were made in the first two innings off thurston and the fifth consecutive extra base blow was Summa's homer off Braxton's first pitch.

By going hitless in today's game Pilot Harris brought his nonhitting record to 29 trips in a row.

Gains League Lead

Heilmann's 4 Hits

Harry Heilmann, star outfielder of the Detroit Tigers, fought single-handed yesterday to defeat New York Yankees when he registered four hits in as many trips to the plate, including three singles and a double. Though his clouting failed to defeat the league leaders the Tiger star assumed leadership of the American League in the race for batting honors, his average lumping to 397 just four League in the race for batting nonces, his average jumping to .397, just four points better than that of Al Simmons of the Athletics, who has been holding onto the top rung for the past three weeks despite his failure to play on account of injury.

WHISKERY EASY WINNER IN FEATURE AT SARATOG

In Huron Handicap

Rip Rap Saves Third; Derby Victor Wins by 3 Lengths.

Top Weight Fails to Hinder Whitney's Star Colt.

ARATOGA, N. Y., Aug. 24 (A.P.).—
Harry Payne Whitney's Whiskery, winner of this year's Kentucky Derby, was an easy winner of the Huron Handicap, 13-16 miles, which featured the card today. Whiskery was always the favorite and the public supported him liberally. J. E. Widener's Kiev was second, and the Sage Stable's Rip Rap third. The time was 1:59 2-5 and the race carried a net value of \$3.800.

The start was poor. Whiskery broke

The favorite players suffered a severe setback in the steeplechase when Byng. 6 to 1, was returned the winner over the hot favorite Amber Bead with Cerulean third. Liroux bolted at the start and Deviner and Maureen Bawn refused. Amber Bead ran into a long lead and led to the final jump, but he tired suddenly in the last furlong and Byng, closing gamely, won by half a length.

Cerulean was third, four lengths back of Amber Bead. Jockey Mack Garner was set down for three days by the steward for fouling in the first race, in which his mount, Bowle Clark, was

disqualified.

The Everglade Stable scored its first sticcess of the meeting when Dodgson, 12 to 1, led home a good field of juveniles in the third race, a 5½-furlong aprint. He led from start to finish, and won by a length and a half. Misstep, well played, was second with Vito third.

well played favorite, had no difficulty in annexing the purse in the fifth event, a mile dash. She took the lead early, made all the pace and won by three lengths. Bonnie Khayyam was second by eight lengths over Aramada.

The B. B. Stable today sold Extreme to the Dorwood Stable and the gelding will run in the interest of the Dor-wood Stable which is owned by Victor

The last race, a 5-furlong sprint, was won by Love Girl at 7 to 1, with Blue Aster second and Camp Light third. Mint Dinah, the favorite, failed

L HORNING

Over at Kenilworth, where the weisenhelmers are hitting 'em high, wide and handsome, the old wopsey tiger is none other than SKAPEN. Now on the occasion of his most recent start there was dough planted in China. A peep at the dope tells the story better than a ream of this chatter. Now the right kale is down. Nut sed.

The other one on which the "insiders" are wagering—over 'ome—is this trick NINE DOLLARS in
the day's opener. "Won't even be close," is the
way "Little Johnny" wires me.
PANOLA also seems to stand out in the third.
I like her extra well. Also NORTH BREEZE in
the sixth. Ye wekkum.
Out at Hawthorne the track should be dried out

winner of this year's Kentucky Derby, was an easy winner of the Hurlen Handicap, 13-16 miles, which featured the card today. Whiskery was always the favorite and the public supported him liberally. J. E. Widener's Kiev was second, and the Sage Stable's Rip Rap third. The time was 1.59 2-5 and the race carried a net value of \$3,800.

The start was poor. Whiskery broke first, but Workman was not ready, consequently. Whiskery lost considerable ground going to the first turn. The boy, nowever, never gave Whiskery as chance to loaf. He kept working on him for the entire trip. Whiskery was so much the best that he ran around the field, took command and won by three lengths. Kiev took the place by a length from Rip Rap.

Another disqualification occurred when the steward set back Bowie Clark, which finished second in the first race. The official placing was Ethereal irst, La Diva second and Roland third. Tamiami trail, with Workman, was caught in a Jam at the start and the boy unseated. He was unhurt.

Ethereal jumped away to a long lead and won unextended by four lengths. Bowie Clark and La Diva fought out the place right to the end and Bowie Clark took it by a head. Roland was fourth, eight lengths back.

LEAGUE HEAD CENSURES ONSLOW

Coach No Credit to Circuit, Ban Johnson Writes.

CLEVELAND, Aug. 24.—All of the pregame excitement in the Nationals' camp here was furnished by the Onslow brothers, Coach Jack receiving word from Ban Johnson, American League president, to the effect that he had been fined 850, while Eddie arrived here to fill the gap at first base created by Joe Judge's injury.

gap at first base created by Joe Judge's injury.

Indications are that the Nats' coach will be allowed to rest for several more days. Although the letter received from the league president was not one of those "poison pen" affairs like that which Manager Harris recently received, it told Jack that he was no credit to the American League and that the question of his reinstatement would be considered upon the receipt of a personal check from him. The suspension already has been in effect since the game with the Yankees at Washington August 10. Instead of sending his check, Jack plans to deliver the money personally to Johnson in Chicago Saturday.

Eddie Onsiow's record indicates

Eddle Onslow's record indicates that he should be of considerable help to the Nats in their time of need. He is rated as a fine fleder, while since 1911, when he made his major league debut, he has never hit under .300. He throws and hits left handed and had a stick batting mark of .310 when he left Rochester.

Already the other Nata are referring to the brothers as the Onslow twins, as Ed is more than 34 years of age and so is Jack.

The schedule of this Western trip calls for but five more games. Two more here and three in Chicago. Pilot Harris plans to use Tom Zachary on the hill tomorrow, with Horace Lisenbee ending the set of Priday and Irving Radley opening the White Sox series on Saturday. McCallister is expected to use Buckeys tomorrow.

York, England, Aug. 24 (A.P.).—Lord Derby's 3-year-old, Cap-a-Pie, today won the famous Ebor Mandicap, beating Lord Astor's Poet by half a length. Lord Barnby's Review Order was third. Cap-a-Pie started at odds of 100 to 7 against Poet, at 100 to 14, and Review Order at 20 to 1. The race was worth about \$6,000. Mickey Walker, world's middleweight boxing champion, who is booked to defend his title here tonight, attended this afternoon's game and acted as referee when Altrock and Schacht staged their famous boxing act before

The sad experiences of the Nationals in £t. Louis and Detroit seem to be getting their "goata" and many strange things are being done in the hope of changing the Earrismen's luck. Coming here on the train last night. Coach

The latter change was made be-cause the young infielder has not been hitting his weight in recent games. Had this plan been fol-lowed to the letter. Tris Speaker would have been the only Wash-ington regular in this afternoon's tine-up.

George Burns. Cleveland first-sacker, who last season broke Tris Speakers record for hitting the most doubles in one season, hopes to even better his 1926 mark of 64. He brought his total to 47 today, which indicates that he will have to do considerable hustling in order to realize his ambition.

| Mark | Syear-olds and upware in the same in the most doubles in 3 kternal Magic. us 9 shaster place 111 of 5 Tracc. 106311 strinces Rima. 55 Tracc. 11612 Tribal in order to realize his ambition.

Speaking of two-baggers, all of the Indians seemed to fancy this type of blow today, the first four alien hits being good for one extra base. These were made in the first two innings off Thurston and the fifth consecutive extra base blow was Summa's homer off Braxton's first pitch.

record to 29 trips in a row.

DORVAL PARK RESULTS.

DORVAL PARK RESULTS.

FIRST RACE—Six furlongs: purse, \$700; claiming; for 3-year-olds and upward. Alley opp. 108 (Little), 10.20, 4.75, 8.05; Rarrow, 111 (Sheers), 4.30, 3.30; Siberian, 97 (Gwynee), 4.80. Time, 1:13 2-5. Heilmann's 4 Hits Gains League Lead

Harry Hellmann, star outfielder of the Detroit Tigers, fought single-handed yesterday to defeat New York Yankees when he registered four hits in as many trips to the plate, including three singles and a double. Though his clouding failed to defeat the league leaders the Tiger star assumed leadership of the American League in the race for batting honors, his average jumping to 307, just four points better than that of Al Simmons of the Athletics, who has been holding onto the top rung for the past three weeks despite his failure to play on adocunt of injury.

-it's the one best way! The filler of a cigar must be shaped by band to insure even-burning and a cool, pleasurable smoke.

and upward

The Havana Fillers, in Admiration Cigars, are long, clean and skilfully shaped by hand. Admiration's wrappers are neatly rolled also by hand. Handwork eliminates dust and scrap tobacco.

That's why the band-made Admiration Cigar is worth twice the price of any machine-made cigar - yet they cost no more. Try one - today!

1,800 CITY YOUTHS VIE FOR POST'S MEDALS TODAY

Playground Honors

Monster Event Climax of 100 Preliminary Track Meets.

Games Start 10 A.M.; Half-Mile Race Is Feature.

PPROXIMATELY 1.800 boys of Washington will compete today in the annual interplayground and field meet at the Plana cinder

track and field meet at the Plaza cinder path for the city playground championship and The Washington Poet cups and medals symbolic of victory.

The meet today brings into competition a greater number of athletes than any other single event staged here. Starting at 10 o'clock, when the first of the trial heats will be held, the youthful athletes will be till their way through more than twenty preliminary tests and the semifinals in an effort to gain the finals and a chance to win the individual and team trophies presented by The Washington Post. All contestants are to report at the Plaza at 9:45 a. m.

Post trophies last year again are on playground teams, but according to city playground officials, who conduct the meet, competition will be keener this year than ever before, despite the fact that 1,320 youngsters vied for nonors in a similar event in 1926.

More than 100 meets have been conducted since July 1 in preparation for today's monster event and the usual rule has been exceptional performances and keen competition.

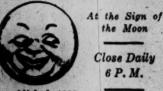

While each youngster is particularly interested in the event that he will compete in, there is more general interest in the one-half mile race than any of the events. Several potential champions have sprung up in every section of the District and when the starter's gun barks 35 young athletes will start the twice-around on the quarter mile track.

Mrs. Susie Root Rhodes, supervisor of playgrounds, will present the victorious athletes with The Post medals and immediately after the meet Mrs. Rhodes will present The Post Cup to the winning team. Georgetewn holds the cup at present.

The Baltimore Black Sock and risburg Giants will meet today at o'clock at the American League Police of the control of the present.

185-100-pound, 60-yard dash, semifinals, 185-Pinals, Sa-pound, 50-yard dash, 185-Pinals, 100-pound, 60-yard dash, 18-Unlimited, 160-yard dash (heats); 70-de, euning broad jump; 135-pound, running bigh jump, 25-pound, running high jump, 25-demifinals, 100-yard dash.

agreed to matrioulate at Georgetown.

Milstead is a sophomore at the Southern institution, and last year was a member of the Rillitoppers freshman track team. Lerner is a product of Ed Lowden, who was a team mate of J. Alfred Leooney, Lafayette College sprinter and olympic champion when both attended Moorestown (N. J.) High School.

Lowden during his several years of coaching at Vineland High School has developed teams which have carried off the class B interscholastic title of New Jersey during the seasons of 1925, 1926 and 1927, Lerner performed on each one of these combinations.

of these combinations.

Last spring Lerner six times shattered the existing New Jersey interscholastic running broad jump record, which stands at 21 feet 1½ inches, but when it came time for the annual State championship meet at Newark the Vineland jumper injured his heel. However, he refused to remain out of competition in his favorite event and finished third, giving Vineland the points that enabled the Cumberland County athletes to retain the class B track crown.

track crown.

Lerner is the possessor of the South
Jersey interacholastic broad jump
standard, which is better than the State
mark. He is credited with a leap of
21 feet 5½ inches.

Last winter Lerner annexed the 50 yards and 220 yards Bouth Jer-sey interacholastic sprint titles dur-ing the annual outdoor track and field meet held in Camden.

The acquisition of Lerner by Georgetown will strengthen the Hilltoppers considerably in the sprint races as well as in the field events. He will not be available for intercollegiste competition until after abiding by the one year resident rule, but it is expected that he will develop into one of the outstanding broad jumpers in Eastern college ranks during the next year.

Athletes Seek To the victors G. U. ELEVEN N. J. RECORD League Series Opens Today; Navy Nine Wins Federal Title Sportswoman

Large Squad in First Lerner, Broad Jump Judd & Detweiler Plays Treasury in First Game of Play-Off; Parkers Beaten in Final, 5 to 4.

The winner of this series, which will be on the "double knockout" hasis, as used by the International Typographical Union teams this year, will either engage in a series with the Federal and Terminal League winners or will play the victor of a series between those two teams for the District championahip.

The Terminal League had reported that due to a long schedule it would not be able to send a representative team into the finals. The plan as now employed will assure a chance for the railroad league.

VON ELM ELIMINATED BIRDIE ON 19TH HOLE IN NATIONAL TOURNEY WINS FOR MACKENZIE

On the second nine, however, there was a see-saw game in which hope and fear alternately reigned. Mackenzie lost the tenth hole when he hooked his ball into the woods, but won the eleventh by a fine chip shot and a single putt.

won the eighth and ninth at par after the holes in between had been halved. Then came the second nine and the deluge, with the veteran running his string of birdies to five with the four in a row, wiping out George's lead and placing him at a disadvantage from which he never recovered.

The champion got one of the holes back when he won the fourteenth with a sensational birdie 3, but he could do no better than halve the final four holes. He was unable to take advantage of an opportunity at the sixteenth when Legy missed the green with his second, for he, too, was in trouble and had to play safe, not being able to shoot for the green. This hole was halved in fives, one over par, and when the seventeenth was also halved, the issue was squarely up to the home hole.

Coming to the eighteenth with Legg one up. Von Elm was long and straight down the fairway, while Legg was in a road crossing in front of the green. Legg pitched from a difficult lie on the green 35 feet from the cup.

to seize the savantage and pass it to the needed margin.

The Atlantan was standing by, however, only because he had made a marvelous putt on the thirteenth hole. With McCarthy hard by the hole for a certain par 5, and Jones 12 feet away, the Atlantan sent his putt twisting and curling over the difficult land-scape into the cup for the half.

The first six holes of the second nine were halved before McCarthy slipped at the sixteenth to take five. Bobby squaring the match with a four and going ahead another four at the seventeenth, where the overanxious Georgetown collegian sent his approach over the green. Bobby won the home hole also, but it was all over then, for he needed but a half, and everyone, including McCarthy, knew that he could not be kept out of it.

The match was technically won.

The match was technically won at the last hole, but it really was decided on the thirteenth, when Bobby made his putt. If he had missed there, he would have been two down, and few believe he could have fought off an enthusiastic youngsier with victory so close.

close.

There was no diaguising the fact that Bobby was worked. He knew early in the day that he was not quite on his game and could take few liberties with his opponent and get away with it. As he failed to break through the one hoje advantage held by McCarthy he grew grim and seemed to be thinking he could not stand another.

"I knew I had to make that putt at the thirteenth," he said. He was never very bad, but he was not very good, measured by the Jones golfing yardstick.

McCarthy, who furnished the real fareworks of the morning, comes from a golfing family. His father, Maurice McCarthy, ar. is a New York golf professional. An uncle, Eugene McCarthy, is a golf professional at Memphis, Tenn., and pioneer in Southern golf, having played a prominent part in interesticates.

largely attended and attracted much interest, as this is the first year that the school playgrounds will participate in the city-wide track meet. Yesterdays' winners will compose the Johnson-Powell squad in the title meet. Mildred Welsh was the individual star of the meet, taking first place in the 50-yard dash, high jump, potatoraée and ran on the victorious team in the 220-yard relay.

Silva Is Eliminated

In Filipino Tourney F. M. Silva, favored to win in the Pilipino tennis tournament, fell before Tomeldon in straight sets, 6—3, 8—6, to furnish the greatest upset of the tournament to date. The match lasted two hours. In the doubles Coronel and Guevara defeated Caraballo and Garves, 6—3, 6—1.

Coronel will play Del Rosario in the semifinals of the upper half this aftermoon at 5 o'clock. Coronel will also play in the singles, meeting Del Rosario. In the doubles matches, F. M. Silva and Del Rosario will play Zamora and Plores, and J. Silva and Abasolo will play Tomeldon and Acantilado.

but won the eleventh by a fine chip shot and a single putt.

On the thirteenth his mashle niblick, which had been working badly all morning, failed him entirely and he pushed a few moments later by a dead stynic. He won the fourteenth by pitching his ball into a trap, being confronted a few moments later by a dead stynic, he won the fourteenth by pitching his ball dead to the pin and lost the fifteenth when he again found a trap with his second anot. On the sixteenth green, he played a stynic shot into the cup for a win from a distance of feet, thus becoming I up, but the match was again all squared when Thomas holed out a birdie 3.

Then, with the contest even, the players drove from the eighteenth tee.

Thomas topped his drive and the ball are to reas near the top of a buniter not over 150 yards from the tee, while Roland hit a line drive down the course. It looked then as if the strugging is would quickly end, but golf is farst more uncertain than death or taxes.

If Thomas hit his second shot with a brasale and carried the ball acroes the road into the rough on the right of the green. Taking a niblick, with the evident intention of playing a lofted shot of the form the line of the green and laying his approach putt for a half, Mackensie being on the green and laying his approach putt for a half, Mackensie out, and the was more consistently good.

A glance at the cards shows that Mackensie with a few maked over and extended his congratulation.

A burst of applause from the gain possibilities: Sixes on the special coult. A size of a second of happy which and extended his congratulation.

A color of the tournament to date. The match lasted two hours. In the doubles match and Guevara defeated Caraballo and Guevara defeated Caraballo and Guevara defeated Caraballo and Guevara defeated Caraballo and Guevara defeated conduction and Guevara defeated Caraballo and Guevara defeated Caraballo and Guevara defeated wo hours. In the doubles matched wo hours. In the double match wo had a single play in the single part in

"I have broken my jinx at last," said

Losing the tenth when he missed his drive, the bail rolling down the steep hilliside to the fairway, Mackenzie evidently felt that the time had come to cease dailying with his opponent. A battle royal ensued, every hole throughout the second nine but the last bring halved and all of them except one in mar figures.

"Cheating Cheaters," a picturization of Max Marcin's stage play of the same name which kept Broadway in 'be throes of gooselesh and laughter for a long run, will be shown at the Riaito beginning Saturchy with Betty Componen and Kenneth Harlan heading the last.

n and Kenneth Harlan heading the st.

"Cheating Cheaters" is the story of beautiful shoplifter who is released som jail through the efforts of a yster lawyer. Through the same gal parasite she is introduced to a ng of safe crackers whose admirana and respect she wins. by her everness of her pocket bicking fingers. A wealthy family on the seashort nich boasts a rare collection of lewels selected for fleecing. The beautiful choosets a rare collection of lewels selected for fleecing. The beautiful choosets is assigned to the work of ining the freedom of the seaside ansion by making the son of the famfall in love with her. Sne succeeds you have a selected for fleecing the son of the famfall in love with him. This is followed by a series of harlaing happenings that develop with liftness to a thrilling ending.

STRAND.

"Snapshots of 1927," presenting a whirlwind of comedy and song, will open the scason at the Strand Theater with a matinee performance on Sunday afternoon, August 28. Harry Jarboe, new manager of the playhouse, announces the attraction as a snappy musical revue carrying a company of eight principals and twenty pretty singers and dancers.

The program also will include Lon Chaney in "The Unknown," to hold the screen for the first four days of the

"Snapshots of 1927" will be headed by Harry Stratton, the clever character comedian; Edith Palmer, Reene De-Marse, the dancer, and Etna Moore, the sweet singer. Supporting the stars will be found a host of funsters, dancers and vocalists. The programs have been arranged with a special regard to the entertainment of women and children. The shows will run continuously each day from 12:30 to 11 p. m. Popular prices will be the rule at all performances.

FREE ADMISSION PARK.

As the season advances, Gler Echo
Park is more alluring than ever. Familles seeking an outing for all day and
evening, find Washington's famous free
admission resort of fun the ideal locale because of its 50 or more diversified attractions designed to please every
one. Thrilling rides, and other entertaining features, including dancing
every week night to music by David
McWilliams and his Gien Echo Park
Novelty Orchestra. Shady picnic
groves with bubbling fountains of pure
spring water is another feature of Gien
Echo. Gien Echo Park is reached by a
delightful ride aboard the spacious cars
of the Washington Railway & Electric
Co., or by motor via the Conduit road.

FIVE BEAUTY QUEENS.

One of the most luminous events of the Le Paradis season will be staged on the Le Paradis roof next Monday evening, when a quintet of beauty queens, starred at the Risito Theater, will be given a special party by Meyer Davis.

"Miss Washington" will lead the van of this beauty parade, while other celebrities will include "Miss Spokane." "Miss Denver," "Miss Kansas City" and one other participant in the coming pageant at Atlantic City.

The nationally known Le Paradis Band is now at the top of its summer pace and is nightly producing pyrotechnics in dance music. Dick Himber, featured violinist, is also working on a series of tabloid revues to be presented in the early fall.

ONE HOUR FROM TOWN.

Vacation time still is calling the throngs to Chesapeake Beach, bay report just an hour's ride from the city, all of the pleasures of the seaside are to be found there and rates are so reasonable that the cost of a sojourn is idiculously low. Excellent hotel accommodations are available. Balt water bathing, fishing, boating, boating, boating, boating, boating, so the chief attractions. Dancing is ree every afternoon from I to 4. Bert saulsman's jazz band furnishes music wery evening. The bathing area is creamed to exclude sea nettles and ther floating objects. Free watr sides, ree beach umbrellas, and a free playgound for children are new features his year.

METROPOLITAN

METROPOLITAN

"Ten Modern Commandments," the Paramount production announced as the chief feature of next week's bill at Crandall's Metropolitan Theater, beginning Sunday afternoon, will be recognized as the most engrossing, the most amusing and the most conspicuously authentic comedy romance of back-stage life ever brought to the screen. This is a sweeping statement which might not be justified were it not for the fact that Jack Lait, one of Broadway's smartest writers, originated this fascinating story as a stellar vehicle for the charming talent of Esther Raiston and the youthful virility or Neil Hamilton. The production is one Neil Hamilton. The production is one belied the screen as it actually is lived. To be sure the comedy is derived in part from an exaggerated depiction of a musical comedy producer, but apart from this slight dalliance with actuality "Ten Modern Commandments" reflects an aspect of Broadway life that never has been found lacking in interest to laymen.

In "Row, Sailor, Row," Billy Dooley has one of his best aquatic farces produced by Christie and released through has one of his best aquatic farces produced by Christie and released through Paramount. The supplementary features also will embrace a new issue of the Metropolitan World Survey and added short reels of distinctive quality

"Passion," sweeping across the country again as a reissue, will begin its second revive, week in Washington at the Wardman Park Theater next Sunday. The genius of the great UFA or canization is apparent in this production, which is different from anything else it has made. A stupendous historical drama of certain of the events leading up to the French Revolution—with Emil Jannings as Louis XV of France, and Pols Negri as Mine. Doubarry. This is one of the few productions in which the two stars both appear, and it reveals their talent as it was before America imported them.

LITTLE THEATER.

A revival of more than usual interest will come to the Little Theater next week. By popular demand the Motion Picture Guild has secured "Forever" ("Peter Ibbetson") the Paramount production of the story by George Du-Maurier, in which Wallace Reid and Elise Ferguson have the leading roles. It is the one romantic tragedy in which Reid appeared, and was regarded by him as the best of his films. He blays the unassuming Peter Ibbetson, whose boyhood love affair in France with a lovely little girl was abruptly ended by misfortune in his family. But the two lovers never forgot, and their meetir y years later reveals that the girl has risen to the heights and is now a duchess.

Aerial Touring Car Henry Ford's Latest

New York, Aug. 24 (A.P.) .- The Eve ning Post says that Henry Pord is experimenting with a new five-passenger all-metal airplane which will corre all-metal airplane which will correspond to a five-passenger automobile
and which is intended for family ownership as well as commercial transport.
William B. Stout, designer of the
twelve-passenger planes now being
manufactured at the Ford plant, told a
reporter that the new planes, only one
of which had been built for experimental purposes, will sell for \$\$1,000, d. o. f.,
which stands for delivered on field.
"Thus far it has performed splendidly
in tests, Stout was quoted, "and we expect to get it in production in two or
three months.

Marquis of Hertford In Bankruptcy Suit

London, Aug. 24 (A.P.).—A receiving refer in bankruptcy on creditors' petition, says the London Gazette, has sen made against the Marquis of Hertord, who married Alice Thaw, sister of Harry E. Thaw, in 1905. He has in bankruptcy court-before.

RAIL INCOMES INCREASE

Railroads Show Gains.

Railroads Show Gains.

Pifteen of the 68 principal railroads of the country showed increases aggregating \$18.427,922, or 12 per cent in net operating income during the first half of 1937, compared with 1926, according to an analysis published by Frazier Jelke & Co.

Declines totaling \$34,111,278, or 14 per cent in net incomes were noted for 33 of the rails, which include fifteen serving territory east of the Mississippi River, twelve in the Eastern territory and six in the South.

"Discounting the effects of the coast strike, which resulted in a falling off of income for most of the Eastern carriers, and the abnormal situations resulting from floods in the South, constitutions generally would appear satisfactory," says the survey.

The fifteen more prosperous lines during the first six months were: Baltimore & Ohio, Bangor & Aroostock, Central R. R. of New Jersey, Cheappake & Ohio, Pennsylvania, Western Maryland, Norfolk-Southern, Seaboard Air Line, Atchison, Topeka & Sants Pe, Chicago Rock Island & Pacific, Chicago & Eastern Illinois, Great Northern, Missouri-Kansas-Texas, Southern Pacific, and Texas Pacific.

Whatever increases in traffic are in whether the second half of this year store for the second half of this year

Missouri-Kansas-Texas, Southern Pacific, and Texas Pacific.

Whatever increases in traffic are in store for the second half of this year would be shared in by these railroads, according to Frazier Jelke. They are in a position to make the best showing for the year in earnings, it is pointed out.

"The Southern lines," continues the survey, "although affected by flood conditions, may show a remarkable improvement in revenue during the last half in view of increased transportation requirements as an aftermath of the Mississippi catastrophe."

Gross revenues for July of the Chesapeake & Ohio Railway, including the Sewall Valley Railway, were \$10,996,032, a decrease of \$225,010 over July of last year. Operating expenses were \$7,352,355, a decrease of \$300,000, as compared to July of last year. Net railway operating income is \$5,095,914, a decrease of \$302,-455 over the corresponding period last year. The net income after all charges for the month of July this year was \$2,462,329, a decrease of \$419,692 over the same month last year. The operating ratio is 67 per cent, compared with 64.8 per cent for July, 1926, or an increase of 22 per cent.

NEW YORK COTTON.

NEW YORK COTTON.

New York, Aug. 24 (A.P.).—The cotton market showed increased activity and strength today, prices making new high records for the season on buying promoted by additional unfavorable crop reports. December contracts sold up to 21.82 and closed at 21.72, the general market closing steady at net advances of 17 to 31 points.

The market opened firm at an advance of 14 to 17 points on a continuation of the buying movement responsible for the recent advances. Relatively firm late Liverpool cables probably stimulated demand, while there were reports that farmers were not selling their early receipts freely and that spot demand was becoming more active.

Realizing became very heavy on the

Railroads Show Gains.

Fifteen of the 48 principal railroads of the country showed increases aggregating \$18,427,922, or 12 per cent in net operating income during the first half of 1927, compared with 1926, according to an analysis published by Frazler Jelke & Co.

Declines totaling \$34,111,275, or 14 per cent in net incomes were noted for 31 of the rails, which include fifteen serving territory east of the Mississippi River, twelve in the Eastern territory and six in the South.

"Discounting the effects of the coal strike, which resulted in a falling off of income for most of the Eastern carriers, and the abnormal situations resulting from floods in the South, conditions generally would appear satiations fractory," says the survey.

NEW YORK GRAIN.

The fifteen more prosperous lines during the first six months were: Baltiduring the first six months were: Baltimore & Ohlo, Bangor & Aroostock, Central R. R. of New Jersey. Chesapeake & Ohlo, Pennsylvania. Western Maryland, Norfolk-Southern, Seaboard Air Line, Atchison, Topeka & Santa Fe, Chicago Rock Island & Pacific, Chicago & Eastern Illinois, Great Northern, Missouri-Kansas-Texas, Southern Pacific, and Texas Pacific.

Whatever increases in traffic are in store for the second half of this year would be shared in by these railroads, according to Frazier Jelke. They are in a position to make the best showing for the year in earnings, it is pointed out.

a position to make the best showing for the year in earnings, it is pointed out. "The Southern lines," continues the survey, "although affected by flood conditions, may show a remarkable improvement in revenue during the last half in view of increased transportation requirements as an aftermath of the Mississippi catastrophe."

Gross revenues for July of the Chesapeake & Ohio Railway, including the Sewall Valley Railway, user \$10,998,032, a decrease of \$825,010 over July of last year. Operating expenses were \$7,363,385, a decrease of \$300,000, as compared to July of last year. Net railway operating income is \$3,095,914, a decrease of \$502,458 over the corresponding period last

Easy Money Conditions Seen.

Rapid absorption of the \$40,000,000
Commonwealth of Australia external
loan of 1927, 30-year 5 per cent gold
bonds, yesterday, was looked upon by
local investment bankers as indicative
of easy money conditions generally.
Banks, corporations and investors genreally have looked favorably on the
Australian 5s, due 1955, and the heavy
oversubscription of the new issue yesterday occasioned little surprise. Among
the local houses participating in the isssue were Crane, Parris & Co., and the

CAMERA VIEWS OF THE DAY'S NEWS

POST WILL SPONSOR **EDUCATIONAL SHOW** OF HOME BEAUTIFUL

Exhibit in September, Continuing 8 Days, Will Include 5 Houses.

FURNISHINGS WILL BE ELABORATE IN SCALE

Dwellings and Merchants Harmonious Interiors.

interest, The Washington Post in coration with the retail merchants, ome builders, and realtors of Washngton, will sponsor a "Home Beautiful" educational exhibit opening on ember 18 and continuing eight WAS 33D DEGREE MASON days. The exhibit will be on an elaborate scale. Five houses will be loaned by the home builders and realtors of

ost.

The houses will be furnished under the expert supervision of Mrs. R. H. Thomas. Mrs. Thomas has gained a national reputation for good taste in interior decorating. She has received the praise of experts in this line of work, and of newspapers in many cities in which she has conducted similar campaigns of education in real homemaking.

As the first step in completely furnishing the five houses to be loaned by home builders and realtors, Mrs. Thomas will have the houses freshly painted or papered to harmonize with the color scheme to be carried out in each room. Thus that most important requisite, the proper background neither too loudly insistent on attention nor too retiringly neutral, will be provided, and the foundation be laid for beautifully furnished houses.

Draperies Will Be Artistic.

Draperies Will Be Artistic. The drapery departments of Washington leading stores will be called upon for artistic and novel fabrics to harmonize with the color scheme of the walls in each room, and the same thought will be carried out in the selection of furniture and floor cover-

lection of furniture and floor coverings.

Often furnished houses are not homes, but mere shells reflecting no definite personality. The houses in the "Home Beautiful" exhibit will be furnished to suit varying and utterly different personalities. There will be the debutante's room with all its fluf-iness and dainty feminity. One will almost be able to see the young girl kicking her dance-tired feet out of her satin slippers as she gazes at her radiant young face in the dressing table mirror and lives again the events of the "perfectly divine" dance just ended.

There will be a room furnished especially for a bachelor, with the rough and attractive furnishings which appeal to most men. One will know on entering this room that a "man's man" could comfortably smoke his old pipe here and read Bret Hart or Kipling.

Nursries for Children.

Nursries for Children.

There will be attractive rooms and nurseries for baby and younger children, with all the fascinating furnishings and toys which make a child's life happy and carefree. There will be the master's room, furnished to express the personality of the person who would occupy this particular kind of house. There also will be daintily furnished guests' rooms and attractive sleeping porches.

Not Commercial Enterprise.

Although the retail merchants of Washington will loan from their stocks the merchandise necessary to furnish each of these five homes, and although The Washington Post will exert every effort to conduct the exhibit successfully, there is nothing commercial about the enterprise.

Its object is merely to provide the public with concrete examples of artistic, practical and economically furnished houses which with the expenditure of thought and care may be within the reach of any one.

The history of civilization is the alstory of home, and hence it follows better homes mean better civilization. Many people who are filled with love of home are blindly reaching out for better homes, but do not know they can attain the beauty, harmony and artistic arrangement they crave in their own homes. The "Home Beautiful" educational exhibit will be a practical illustration of how these may be obtained even in homes of limited income. The public will be invited to inspect these homes without charge. Everything will be done to provide the homes with an atmosphere of hospitality and "hominess." A reception committee will be on hand to answer questions and to give information.

Federation Postpones One-Man Car Session

a special meeting of the Federation Citizens Associations originally neduled to take place Saturday night consideration of the proposed ex-asion of one-man street car opera-m, has been postponed until early September, the date to be announced

Inter,

The meeting was called by James G.

Yaden, president of the federation, who
discovered yesterday that the board
room of the District Building, in which
the federation meets, is closed for redecoration.

Mutual Aid Society To Give Outing Today

The Mutual Aid Society will give an accuration today to Chesapeake Beach. The program includes a baby contest or children between 2 and 4 years old, beauty competition for girls from 17 o 22, and races for boys and girls extreme 5 and 10 and 10 and 15. Prizes

te arrangements committee is com-d of Mrs. Stephen H. Chaconas, dent of the society Mrs. George kos. vice president; Mrs. Charles des. secretary; Mrs. George Varout-treasurer; Mrs. Roushakis and Mrs.

Builders and Realtors to Loan SAMUEL G. EBERLY, BANK OFFICIAL, IS DEAD AT 75

In a movement of civic and public Operated Herdic Phaeton and Cab Concern, Discontinued 15 Years Ago.

Samuel G. Eberly, vice president of this city. They will vary in price and the National Capital Bank and operatype and will be completely furnished tor of the Herdic phaetons and cabs, in a manner suitable to their size and which were familiar sights in Wash-

Mr. Eberly was born at Eberlys Mill,
Pa. He came to Washington about 47
years ago with Peter Herdic, who then
was gaining national note for his
coaches which he operated in the large
cities. Together, the two men instituted the phaeton service here. At the
time of the discontinuance of the business 15 years ago Mr. Eberly was president of the concern.

In 1898 he was appointed a director
of the National Capital Bank. Six
years ago he was made vice president.
He was a thirty-third degree Mason
and a member of the B. B. French
Lodge, Washington Commandery, and
Almas Temple Shrine.

Mr. Eberly is survived by his wife,
Mrs. Amelia W. Eberly, who formerly was
of Baitimore, and by four children by
his first wife, who was Winifred Elizabeth Bond, of Pennsylvania. The children are Mrs. Maude E. Feeley, William C. Eberly and Raymond Eberly, of
Cleveland, and Mrs. Ethel C. Carpenter, of Washington.

Function

Cleveland, and Mrs. Ethel G. Carpenter. of Washington.
Funeral services will be held tomorrow afternoon at 2 o'clock in the home. The Rev. Clarence Parker will officiate. Burial will be in Rock Creek Cemetery.

Boy Sleeps as Police Search in Woods

While police, firemen and private searching parties combed the woods in a search for him, Cortland W. Page, ir., 7 years old, was sleeping soundly at the home of Miss Sarah Kanns, Capitol Heights, Md., having wandered more than 15 miles since his disappearance Tuesday morning. The boy was seen by the Rev. M. S. Yingling, pastor of Our Lady of Victory Church, with whom he lived at 4911 V street northwest. He walked into the woods near there and did not return.

Constable Harry Boswell, of Seat Pleasant, Md., was making his rounds when he discovered the lad, crying, in front of a bank at Seat Pleasant. He attempted to learn the name of his parents and, failing, turned him over to Miss Kanns, who gave him supper and put him to bed. Yesterday morning Boswell and Miss Kanns returned him to the priest. The boy's parents live at 1601 Argonne place northwest and are employed at the Bureau of Engraving and Printing. onstable Harry Boswell, or Seat sant, Md, was making his rounds in he discovered the lad, crying, in to of a bank at Seat Pleasant. He tempted to learn the name of his parts of Skanns, who gave him supper and him to bed. Yesterday morning well and Miss Kanns returned him the priest. The boy's parents live at 1 Argonne place northwest and are ployed at the Bureau of Engraving Printing.

Oring Place Fights

Change in Its Name

Change in Its Name

Spring Place Fights

The residents of Spring Piace are opposed to changing the name of the street, the Columbia Heights Citizens Association reported to the District of the Stevens avenue southeast. Bolling Field will be better protected

Association reported to the District Commissioners yesterday.

The association did recommend a change in the numbering of the street. The report stated the present numbering, beginning with 1400, was confusing and declared it should begin with 1500, since the street is between what would be Fifteenth street if it were extended, and Sixteenth street. Objection to the name of the street was raised recently, it being stated that its similarity to Spring road, nearby, caused unnecessary confusion.

Taxi Test Case Continue The case of Charles Leonbergar, Diamond Taxicab driver who was a rested a week ago, was continued yeterday in Police Court until Septemb 7. Leonberger was taken into custod 7. Leonberger was taken into custedy charged with loitering in front of th Willard Hotel. Attorney E. Russel Kelly, for the defense, contends the regulations governing reservation of parking space in front of hotels is unconstitutional. Assistant Corporation Counsel Richmond Keech is in charge of the prosecution.

Woman Held in Murder. Woman Held in Murder.
Gladys Snowden, colored, 21 years
old, of 309 R street northwest, was held
for grand jury action on a charge of
murdering Edward Dudley, colored, 21
years old, by a coroner's jury which
met yesterday. Dudley was shot Tuesday following a row at the R street
address, according to the police. He
was taken to Freedmen's Hospital in
the Second Precinct patrol wagon and
pronounced dead on arrival.

Ars. Ferris Victor In Bus Color Contest DECREASE IN COST Mrs. Warren W. Ferris has been awarded first prize in the color contest recently or ucted by the Washington Rapid Transit Co., the commitate of judges announced yesterday. The purpose of the contest was to obtain a colo rscheme for 31 new buses to be put in service in September. Contestants submitted 134 designs. Mrs. Ferris submitted a combination of two tones of green. With a few modifications her color scheme will be used, it was stated. Miss Ruth Porter Ward was awarded second prize for a two-tone combination of blue, and Miss Bataille Scott, who presented two shades of clive green and brown, third prize. Carl V. Hudson and J. J. St. Craix received honorable mention for their schemes. The judges were William I. Demig, Miss Anne Fuller Abbott, Miss Ethel Foster and H. B. Wilson. OF PUMPING WATER IS SHOWN FOR YEAR

30-Cent Drop Per 1,000,000 Gallons Is Noted in Garland Report.

126,121 FEET OF MAINS PLACED DURING PERIOD

System Throughout City Now Comprises 753 Miles of Pipe.

Washington's water service cost 30 cents less per million gallons pumped into the mains during the fiscal year ended June 30 than in the two years preceding. The cost per million gallons was \$8.20. This was stated in the annual report of J. S. Garland, superntendent of the District Water Department, filed with the Commiss yesterday.

office.

"In view of the fact that the plans contemplate the erection of this pool on school property in which the Board of Education and the District Commissioners have a direct and lively interest, the Commissioners feel that full opportunity should be given to the Board of Education to make its views and wishes known to the Fine Arts Commission and prepare arguments for a change of the plans.

"The Commissioners of the District of Columbia, therefore, indorse the request of the Board of Education that action on the matter be deferred until after the meeting of the Fine Arts Commission on September 15."

Commission on September 15."

Conserting the laying of other mains, the report contained the following comment:

"A 16-inch main was laid in Sixteenth street, a total distance of Elightenth street, a total distance of Elightenth street, a total distance of 5,442 feet. The completion of this main insures to a section built up with large apartment buildings, large churches and residences, a much needed reinforcement for both domestic service and fire protection. Heretofore 12-inch mains have supplied this large territory. They now are connected with the new main.

"A 16-inch trunk main was laid in H street from Eighth to Thirteenth

main.

"A 16-inch trunk main was laid in H street from Eighth to Thicteenth streets northwest, a total distance of 1,780 feet. This completes a trunk main begun last year at Sixth and I streets northwest, where a connection was made off a 48-inch trunk line main in Sixth street. All fire hydrants and service mains were connected directly to this trunk main through its entire length, thereby providing a much needed reinforcement for both fire and domestic service to a large portion of the mestic service to a large portion of the business section of the city.

Many 16-inch Mains.

"Projects originating in the Water Department aggregating 18,141 linear feet of 16-inch mains were laid as follows:
"Sheridan street east of Fifth street

against fire by the laying of this main, which will also act as a feeder for

smaller mains.

"In several streets in Georgetown old
4-inch mains have been replaced by
8-inch and 12-inch mains for the betterment of the service as well as to
assure a sufficient supply for fire protection and domestic service."

Liebster Gives Reply In Show-Window Row

The court fight over distribution of window space for display purposes on the second floor of 1307 F street northwest, between Melvin H. Schlosberg, women's apparel merchant, and Jacob Liebster, furrier, moved forward a step yesterday when Liebster filed his answer to the injunction suit brought by Schlosberg to prohibit the furrier from using exclusively the windows.

Liebster says the lease which Mr. Schlosberg has provides for equal use of the windows, and that he has been using the west window of the premises exclusively, while Liebster has confined his display to the east window.

Reserve Corps Appointments.

Reserve Corps Appointments.

Reappointments in the Officers Reserve Corps were announced yesterday by the War Department as follows: Alexander Washingto Beatty, 4422 Seventh street northwest, first lieutenant Medical Administrative Corps; Bert Charles Gardner, 714 Sheridan street northwest, captain, adjutant general's department; Glenn Shepard Smith, Wardman Park Hotel, colonel, engineers.
